according to 29CFR1910/1200 and GHS Rev. 3

**Initial preparation date:** 12.16.2014

# **Iodide Iodate Reagent**

# SECTION 1: Identification of the substance/mixture and of the supplier

**Product name**: Iodide Iodate Reagent **Manufacturer/Supplier Article number**: AR-1012-500 EW

Recommended uses of the product and restrictions on use: Laboratory

**Manufacturer Details:** 

Aqua Analytics 39555 Orchard Hill Place, Suite 600, Novi, MI 48375 (888) 712-4000

#### **Emergency telephone number:**

Emergency Telephone No.: (800) 424-9300

# **SECTION 2: Hazards identification**

#### Classification of the substance or mixture:

Skin Irrit. 3.

Signal word: Warning

#### **Hazard statements:**

Causes mild skin irritation.

#### **Precautionary statements:**

If medical advice is needed have product container or label at hand.

Keep out of reach of children.

Read label before use.

If skin irritation occurs: Get medical advice/attention.

Other Non-GHS Classification: None

## **SECTION 3: Composition/information on ingredients**

#### Ingredients:

Ingredients:				
CAS 7681-11-0	Potassium Iodide	0.5 %		
CAS 7732-18-5	Deionized Water	99.312 %		
CAS 7758-05-6	Potassium Iodate	0.057 %		
CAS 1310-58-3	Potassium Hydroxide	0.1 %		
CAS 144-55-8	Sodium Bicarbonate	0.031 %		
		Percentages are by weight		

#### **SECTION 4: First aid measures**

# Description of first aid measures

After inhalation:

according to 29CFR1910/1200 and GHS Rev. 3

**Initial preparation date:** : 12.16.2014

## **Iodide Iodate Reagent**

Move exposed individual to fresh air. Loosen clothing as necessary and position individual in a comfortable position. Seek medical advice if discomfort or irritation persists. If breathing difficult, give oxygen.

#### After skin contact:

Wash affected area with soap and water. Rinse thoroughly. Seek medical attention if irritation persists or if concerned.

#### After eye contact:

Protect unexposed eye. Rinse/flush exposed eye(s) gently using water for 15-20 minutes. Remove contact lens(es) if able to do so during rinsing. Seek medical attention if irritation persists or if concerned.

#### After swallowing:

Rinse mouth thoroughly. Do not induce vomiting. Have exposed individual drink sips of water. Seek medical attention if irritation, discomfort or vomiting persists.

## Most important symptoms and effects, both acute and delayed:

Irritation. Nausea. Headache. Shortness of breath.

# Indication of any immediate medical attention and special treatment needed:

If seeking medical attention, provide SDS document to physician.

#### **SECTION 5: Firefighting measures**

#### **Extinguishing media**

# Suitable extinguishing agents:

If in laboratory setting, follow laboratory fire suppression procedures. Use appropriate fire suppression agents for adjacent combustible materials or sources of ignition. Water fog. Foam. Dry chemical powder. Carbon dioxide (CO2).

#### Unsuitable extinguishing agents: None

# Special hazards arising from the substance or mixture:

Combustion products may include carbon oxides or other toxic vapors. Thermal decomposition can lead to release of irritating gases and vapors.

#### Advice for firefighters:

#### **Protective equipment:**

Use NIOSH-approved respiratory protection/breathing apparatus.

## Additional information (precautions):

Move product containers away from fire or keep cool with water spray as a protective measure, where feasible.

# **SECTION 6: Accidental release measures**

#### Personal precautions, protective equipment and emergency procedures:

Wear protective equipment. Use respiratory protective device against the effects of fumes/dust/aerosol. Keep unprotected persons away. Ensure adequate ventilation.

#### **Environmental precautions:**

Prevent from reaching drains, sewer or waterway. Collect contaminated soil for characterization per Section 13. Small quantities may be flushed to drains with plenty of water.

# Methods and material for containment and cleaning up:

If in a laboratory setting, follow Chemical Hygiene Plan procedures. Collect liquids using vacuum or by use of absorbents. Place into properly labeled containers for recovery or disposal. If necessary, use trained response staff/contractor.

# Reference to other sections: None SECTION 7: Handling and storage

according to 29CFR1910/1200 and GHS Rev. 3

Initial preparation date: : 12.16.2014

# **Iodide Iodate Reagent**

#### Precautions for safe handling:

Wash hands after handling. Follow good hygiene procedures when handling chemical materials. Use only in well ventilated areas. Avoid contact with skin, eyes and clothing.

# Conditions for safe storage, including any incompatibilities:

Provide ventilation for containers. Avoid storage near extreme heat, ignition sources or open flame. Store away from foodstuffs. Store away from oxidizing agents. Store in cool, dry conditions in well sealed containers. Keep container tightly closed. Protect from freezing and physical damage.

## **SECTION 8: Exposure controls/personal protection**

**Control parameters:** 7681-11-0, Potassium Iodide, ACS, ACGIH NIOSH 0.01 mg/m³.

Appropriate engineering controls: Emergency eye wash fountains and safety showers should be available in

the immediate vicinity of use/handling. Provide exhaust ventilation or other engineering controls to keep the airborne concentrations of vapor or dusts (total/respirable) below the applicable workplace exposure limits (Occupational Exposure Limits-OELs) indicated above. Use under a fume

hood.

**Respiratory protection:** Use suitable respiratory protective device when high concentrations are

present. For spills, respiratory protection may be advisable. Normal

 $ventilation \ is \ adequate.$ 

**Protection of skin:** The glove material has to be impermeable and resistant to the product/

the substance/ the preparation being used/handled. Selection of the glove material on consideration of the penetration times, rates of diffusion and

the degradation.

**Eye protection:** Safety glasses with side shields or goggles.

**General hygienic measures:** The usual precautionary measures are to be adhered to when handling

chemicals. Wash hands before breaks and at the end of work. Do not inhale gases/fumes/dust/mist/vapor/aerosols. Avoid contact with the eyes

and skin.

#### **SECTION 9: Physical and chemical properties**

Appearance (physical state, color):	Clear, colorless liquid		Not determined Not determined
Odor:	Odorless	Vapor pressure at 20°C:	Not determined
Odor threshold:	Not determined	Vapor density:	Not determined
pH-value:	Not determined	Relative density:	Approx. 1
Melting/Freezing point:	Approx. 0°C	Solubilities:	Soluble in water.
Boiling point/Boiling range:	IANNY IIII''	Partition coefficient (noctanol/water):	Not determined
Flash point (closed cup):		Auto/Self-ignition temperature:	Not determined
Evaporation rate:	Not determined	Decomposition temperature:	Not determined
Flammability (solid, gaseous):	Not determined	Viscosity:	a. Kinematic: Not determined b. Dynamic: Not determined

according to 29CFR1910/1200 and GHS Rev. 3

Initial preparation date: : 12.16.2014

Iodide Iodate Reagent		
Density at 20°C:	Not determined	

# **SECTION 10: Stability and reactivity**

#### Reactivity:

Nonreactive under normal conditions.

#### **Chemical stability:**

No decomposition if used and stored according to specifications.

#### Possible hazardous reactions:

None under normal processing.

#### **Conditions to avoid:**

exposure to light. Incompatible Materials.

#### **Incompatible materials:**

Strong acids. Strong bases. Strong oxidizers.

# **Hazardous decomposition products:**

Hydrogen iodide. Iodine gas. May include oxides of iodine.

# **SECTION 11: Toxicological information**

**Acute Toxicity**: No additional information. **Chronic Toxicity**: No additional information.

Skin corrosion/irritation:

Rabbit: causes irritation, 7681-11-0.

#### Serious eye damage/irritation:

Rabbit: causes irritation. 7681-11-0.

**Respiratory or skin sensitization**: No additional information.

**Carcinogenicity**: No additional information.

**Germ cell mutagenicity**: No additional information. **Reproductive Toxicity**: No additional information.

**STOT-single and repeated exposure**: No additional information.

Additional toxicological information:

No additional information.

# **SECTION 12: Ecological information**

#### **Ecotoxicity:**

Crustacea LC50 Zebra mussel (Dreissena polymorpha) 220 - 313 mg/l, 24 hrs., 7681-11-0.

Fish LC50 - Oncorhynchus mykiss (rainbow trout) - 2,190 mg/l - 96 h, 7681-11-0.

Persistence and degradability: No additional information.

**Bioaccumulative potential:** 

Not expected to bio accumulate.

**Mobility in soil**: No additional information.

Other adverse effects: No additional information.

# **SECTION 13: Disposal considerations**

according to 29CFR1910/1200 and GHS Rev. 3

**Initial preparation date:** : 12.16.2014

#### **Iodide Iodate Reagent**

#### Waste disposal recommendations:

Product/containers must not be disposed together with household garbage. It is the responsibility of the waste generator to properly characterize all waste materials according to applicable regulatory entities (US 40CFR262.11). Consult federal state/ provincial and local regulations regarding the proper disposal of waste material that may incorporate some amount of this product. Small amounts may be flushed with water to sewer. Larger volumes must be sent to approve plant for destruction.

#### **SECTION 14: Transport information**

**US DOT** 

**UN Number:** 

ADR, ADN, DOT, IMDG, IATA Not Regulated.

Limited Quantity Exception: None

Bulk: Non Bulk:

RQ (if applicable): None RQ (if applicable): None

**Proper shipping Name:** Not Regulated. **Proper shipping Name:** Not Regulated.

Hazard Class: None Hazard Class: None

Packing Group: Not Regulated.

Marine Pollutant (if applicable): No

Marine Pollutant (if applicable): No

additional information. additional information. **Comments:** None **Comments:** None

#### United States (USA)

# SARA Section 311/312 (Specific toxic chemical listings):

Acute

#### SARA Section 313 (Specific toxic chemical listings):

None of the ingredients are listed.

#### RCRA (hazardous waste code):

None of the ingredients are listed.

# TSCA (Toxic Substances Control Act):

All ingredients are listed.

#### CERCLA (Comprehensive Environmental Response, Compensation, and Liability Act):

None of the ingredients are listed.

#### Proposition 65 (California):

## Chemicals known to cause cancer:

None of the ingredients are listed.

# Chemicals known to cause reproductive toxicity for females:

None of the ingredients are listed.

# Chemicals known to cause reproductive toxicity for males:

None of the ingredients are listed.

according to 29CFR1910/1200 and GHS Rev. 3

**Initial preparation date:** : 12.16.2014

## **Iodide Iodate Reagent**

# Chemicals known to cause developmental toxicity:

None of the ingredients are listed.

#### Canada

#### Canadian Domestic Substances List (DSL):

All ingredients are listed.

#### **SECTION 16: Other information**

This product has been classified in accordance with hazard criteria of the Controlled Products Regulations and the SDS contains all the information required by the Controlled Products Regulations. Note. The responsibility to provide a safe workplace remains with the user. The user should consider the health hazards and safety information contained herein as a guide and should take those precautions required in an individual operation to instruct employees and develop work practice procedures for a safe work environment. The information contained herein is, to the best of our knowledge and belief, accurate. However, since the conditions of handling and use are beyond our control, we make no guarantee of results, and assume no liability for damages incurred by the use of this material. It is the responsibility of the user to comply with all applicable laws and regulations applicable to this material.
