Safety Data Sheet according to OSHA HCS (29CFR 1910.1200) and WHMIS 2015 Regulations

Revision: August 26, 2019

1 Identification	
· Product identifier	
 Trade name: <u>Nitrite Suppressant</u> Product code: AR-1081-10 CAS Number: 5329-14-6 	
 Recommended use and restriction on use Recommended use: Laboratory chemicals Restrictions on use: No relevant information available. 	
 Details of the supplier of the Safety Data Sheet Manufacturer/Supplier: AquaPhoenix Scientific, Inc. 860 Gitts Run Road Hanover, PA 17331 Phone: (717)632-1291 Toll-Free: (866)632-1291 info@aquaphoenixsci.com Distributor: Aqua Analytics 245 Matheson Blvd East, Units 1 & 2 Mississauga, Ontario Canada L4Z 3C9 (888) 712-4000 	
• Emergency telephone number: ChemTel Inc. (800)255-3924 (North America) +1 (813)248-0585 (International)	
2 Hazard(s) identification	
· Classification of the substance or mixture	
Met. Corr.1 H290 May be corrosive to metals.	
Skin Corr. 1B H314 Causes severe skin burns and eye damage.	
Eye Dam. 1 H318 Causes serious eye damage.	
 Label elements GHS label elements The product is classified and labeled according to the Globally Harmonized System (GHS) Hazard pictograms:).
GHS05	
	(Cont'd on page 2)
 GHS05 Signal word: Danger Hazard statements: H290 May be corrosive to metals. H314 Causes severe skin burns and eye damage. Precautionary statements: 	(Cont'd. on page 2)

according to OSHA HCS (29CFR 1910.1200) and WHMIS 2015 Regulations

Revision: August 26, 2019

	(Cont'd. of page
P273	Avoid release to the environment.
P280	Wear protective gloves and eye protection.
P302+P352	If on skin: Wash with plenty of water.
P305+P351+P3	338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses present and easy to do. Continue rinsing.
P362	Take off contaminated clothing.
P405	Store locked up.
P406	Store in corrosive resistant container with a resistant inner liner.
P501	Dispose of contents/container in accordance with local/regional/national/internation regulations.

3 Composition/information on ingredients

Chemical characterization: Substances
 CAS No. Description
 5329-14-6 sulfamic acid

4 First-aid measures

Description of first aid measures · General information: No special measures required. · After inhalation: Supply fresh air; consult doctor in case of complaints. • After skin contact: Brush off loose particles from skin. Immediately rinse with water. If skin irritation continues, consult a doctor. · After eye contact: Remove contact lenses if worn. Rinse opened eye for several minutes under running water. If symptoms persist, consult a doctor. · After swallowing: Rinse out mouth and then drink plenty of water. Do not induce vomiting; immediately call for medical help. · Most important symptoms and effects, both acute and delayed: Causes eye irritation. Causes mild skin irritation. Gastric or intestinal disorders when ingested. Danger: May be harmful if swallowed. No relevant information available. · Indication of any immediate medical attention and special treatment needed: No relevant information available.

5 Fire-fighting measures

• Extinguishing media

• Suitable extinguishing agents: Use fire fighting measures that suit the environment.

(Cont'd. on page 3)

according to OSHA HCS (29CFR 1910.1200) and WHMIS 2015 Regulations

Revision: August 26, 2019

Trade name: Nitrite Suppressant

(Cont'd. of page 2)

For safety reasons unsuitable extinguishing agents: No relevant information available.
 Special hazards arising from the substance or mixture

During heating or in case of fire poisonous gases are produced.

[•] Advice for firefighters

· Protective equipment:

Wear self-contained respiratory protective device.

Wear fully protective suit.

6 Accidental release measures

Personal precautions, protective equipment and emergency procedures

Ensure adequate ventilation.

For large spills, use respiratory protective device against the effects of fumes/dust/aerosol. Wear protective equipment. Keep unprotected persons away.

Environmental precautions

Do not allow undiluted product or large quantities of it to reach ground water, water course or sewage system.

Methods and material for containment and cleaning up

Pick up mechanically.

Sweep up and place into an appropriate container.

Send for recovery or disposal in suitable receptacles.

Reference to other sections

See Section 7 for information on safe handling.

See Section 8 for information on personal protection equipment.

See Section 13 for disposal information.

7 Handling and storage

[·] Handling

• Precautions for safe handling: Use only in well ventilated areas.

· Information about protection against explosions and fires: No special measures required.

· Conditions for safe storage, including any incompatibilities

• Requirements to be met by storerooms and receptacles:

Store only in the original receptacle.

Unsuitable material for receptacle: steel.

Unsuitable material for receptacle: aluminium.

- Information about storage in one common storage facility:
- Store away from foodstuffs.

Do not store together with alkalis (caustic solutions).

Store away from oxidizing agents.

• Further information about storage conditions:

Keep containers tightly sealed.

- This product is hygroscopic.
- **Specific end use(s)** No relevant information available.

8 Exposure controls/personal protection

(Cont'd. on page 4)

Safety Data Sheet according to OSHA HCS (29CFR 1910.1200) and WHMIS 2015 Regulations

Revision: August 26, 2019

Trade name: Nitrite Suppressant
(Cont'd. of page 3)
 Control parameters Components with limit values that require monitoring at the workplace: The product does not contain any relevant quantities of materials with critical values that have to be monitored at the workplace.
 Exposure controls General protective and hygienic measures: The usual precautionary measures for handling chemicals should be followed. Keep away from foodstuffs, beverages and feed. Immediately remove all soiled and contaminated clothing. Wash hands before breaks and at the end of work. Avoid contact with the eyes and skin. Engineering controls: Provide adequate ventilation. Breathing equipment: Not required under normal conditions of use. Protection of hands:
Protective gloves
 Material of gloves Nitrile rubber, NBR Neoprene gloves Butyl rubber, BR Fluorocarbon rubber (Viton) Natural rubber, NR Sensibilization by the components in the glove materials is possible. Eye protection: Eye protection: Event Sensibility of the sensitive of
Safety glasses
Follow relevant national guidelines concerning the use of protective eyewear. • Limitation and supervision of exposure into the environment No relevant information available.
9 Physical and chemical properties
Information on basic physical and chemical properties Appearance:

· Appearance:		
Form:	Powder	
Color:	White	
· Odor:	Odorless	
· Odor threshold:	Not determined.	
· pH-value:	Not applicable.	
• Melting point/Melting range:	205 °C (401 °F)	
· Boiling point/Boiling range:	Not determined.	
· Flash point:	The product is not flammable.	
		(Cont'd. on page 5)

according to OSHA HCS (29CFR 1910.1200) and WHMIS 2015 Regulations

Revision: August 26, 2019

Trade name: Nitrite Suppressant		
		(Cont'd. of page 4)
· Flammability (solid, gaseous):	Product is not flammable.	
· Auto-ignition temperature:	Not determined.	
· Decomposition temperature:	Not determined.	
· Danger of explosion:	Product does not present an explosion hazard.	
 Explosion limits Lower: Upper: Oxidizing properties: 	Not determined. Not determined. Non-oxidizing.	
· Vapor pressure:	Not determined.	
 Density at 20 °C (68 °F): Relative density: Vapor density: Evaporation rate: 	2.13 g/cm³ (17.77 lbs/gal) Not determined. Not applicable. Not applicable.	
 Solubility in / Miscibility with Water: 	Soluble.	
· Partition coefficient (n-octanol/wate	er): Not determined.	
 Viscosity Dynamic: Kinematic: Other information 	Not applicable. Not applicable. No relevant information available.	

10 Stability and reactivity

· Reactivity: No relevant information available.

· Chemical stability: Stable under normal temperatures and pressures.

Thermal decomposition / conditions to be avoided:

No decomposition if used and stored according to specifications.

[•] Possibility of hazardous reactions

Reacts with alkali (lyes).

Corrosive action on metals.

Reacts with oxidizing agents.

Toxic fumes may be released if heated above the decomposition point.

· Conditions to avoid No relevant information available.

· Incompatible materials No relevant information available.

[·] Hazardous decomposition products

Under fire conditions only: Sulfur oxides (SOx)

Nitrogen oxides (NÓx)

11 Toxicological information

[·] Information on toxicological effects

(Cont'd. on page 6)

Safety Data Sheet according to OSHA HCS (29CFR 1910.1200) and WHMIS 2015 Regulations

Revision: August 26, 2019

Acute toxicity: Based on available data, the classification criteria are not met. LD/LC50 values that are relevant for classification: 5329-14-6 sulfamic acid Orall LD50 [3160 mg/kg (rat) Primary irritant effect: On the skin: Based on available data, the classification criteria are not met. On the sey: Causes ey eritation. Sensitization: Based on available data, the classification criteria are not met. IARC (International Agency for Research on Cancer): None of the ingredients are listed. OSHA-Ca (Occupational Safety & Health Administration): None of the ingredients are listed. OSHA-Ca (Occupational Safety & Health Administration): None of the ingredients are listed. Probable route(s) of exposure: Ingestion. Inhalation. Eye contact. Skin contact. Acute effects (acute toxicity, irritation and corrosivity): May be harmful if swallowed. Causes serious eye irritation. Causes serious eye irritation. Causes devicity: Based on available data, the classification criteria are not met. STOT-repeated dose toxicity. No relevant information available. Germ cell mutagenicity: Based on available data, the classification criteria are not met. <	ade name: Nitrite Suppressant	
LD/LC50 values that are relevant for classification: 5329-14-6 sulfamic acid Oral [LD50] 3160 mg/kg (rat) Primary irritant effect: On the skin: Based on available data, the classification criteria are not met. On the sex: Causes eye irritation. Sensitization: Based on available data, the classification criteria are not met. IARC (International Agency for Research on Cancer): None of the ingredients are listed. OSHA-Ca (Occupational Safety & Health Administration): None of the ingredients are listed. OProbable route(s) of exposure: Ingestion. Inhalation. Eye contact. Skin contact. Repreded dose toxicity, irritation and corrosivity): May be harmful if swallowed. Causes serious eye irritation. Additional ecological information

· General notes:

Do not allow undiluted product or large quantities of it to reach ground water, water course or sewage

(Cont'd. on page 7)

according to OSHA HCS (29CFR 1910.1200) and WHMIS 2015 Regulations

Revision: August 26, 2019

Trade name: Nitrite Suppressant

(Cont'd. of page 6)

system.

Harmful to aquatic organisms

Rinse off of bigger amounts into drains or the aquatic environment may lead to decreased pH-values. A low pH-value harms aquatic organisms. If the dilution of the use-level pH-value is considerably increased after use, the aqueous waste, emptied into drains, is only low water-dangerous.

Other adverse effects No relevant information available.

13 Disposal considerations

[·] Waste treatment methods

· Recommendation:

Must not be disposed of together with household garbage. Do not allow product to reach sewage system. The user of this material has the responsibility to dispose of unused material, residues and containers in compliance with all relevant local, state and federal laws and regulations regarding treatment, storage and disposal for hazardous and nonhazardous wastes. Residual materials should be treated as hazardous.

[·] Uncleaned packagings

· Recommendation: Disposal must be made according to official regulations.
