according to OSHA HCS (29CFR 1910.1200) and WHMIS 2015 Regulations

Revision: October 30, 2018

### **1** Identification · Product identifier • Trade name: lodide lodate Reagent · Product code: AR-1014-1000 EW Recommended use and restriction on use · Recommended use: Laboratory chemicals • Restrictions on use: No relevant information available. • Details of the supplier of the Safety Data Sheet · Manufacturer/Supplier: AquaPhoenix Scientific, Inc. 860 Gitts Run Road Hanover, PA 17331 Phone: (717)632-1291 Toll-Free: (866)632-1291 info@aquaphoenixsci.com **Distributor:** Agua Analytics 39555 Orchard Hill Place, Suite 600 Novi. MI 48375 (888) 712-4000 · Emergency telephone number: ChemTel Inc. (800)255-3924 (North America) +1 (813)248-0585 (International) 2 Hazard(s) identification · Classification of the substance or mixture STOT RE 1 H372 Causes damage to the thyroid through prolonged or repeated exposure. Route of exposure: Oral. · Label elements · GHS label elements The product is classified and labeled according to the Globally Harmonized System (GHS). · Hazard pictograms: GHS08 · Signal word: Danger · Hazard statements: H372 Causes damage to the thyroid through prolonged or repeated exposure. Route of exposure: Oral. · Precautionary statements: P260 Do not breathe dust/fume/gas/mist/vapors/spray. P264 Wash thoroughly after handling. P270 Do not eat, drink or smoke when using this product. P314 Get medical advice/attention if you feel unwell. P501 Dispose of contents/container in accordance with local/regional/national/international regulations.

according to OSHA HCS (29CFR 1910.1200) and WHMIS 2015 Regulations

Revision: October 30, 2018

### Trade name: lodide lodate Reagent

(Cont'd. of page 1)

• **Other hazards** There are no other hazards not otherwise classified that have been identified.

### **3** Composition/information on ingredients

### Chemical characterization: Mixtures

· Components:		
7732-18-5	Water	>95%
7681-11-0	potassium iodide STOT RE 1, H372	<3%
	potassium iodate Ox. Sol. 2, H272 Skin Irrit. 2, H315; Eye Irrit. 2A, H319; STOT SE 3, H335	<1%
144-55-8	Sodium hydrogencarbonate	<1%
	Potassium hydroxide Met. Corr.1, H290; Skin Corr. 1A, H314 Acute Tox. 4, H302	<0.5%
· Additional information:		

For the listed ingredient(s), the identity and/or exact percentage(s) are being withheld as a trade secret. For the wording of the listed Hazard Statements, refer to section 16.

### 4 First-aid measures

### Description of first aid measures

· After inhalation: Supply fresh air; consult doctor in case of complaints.

#### · After skin contact:

Immediately remove any clothing soiled by the product.

Immediately rinse with water.

If skin irritation is experienced, consult a doctor.

• After eye contact:

Remove contact lenses if worn.

Rinse opened eye for several minutes under running water. If symptoms persist, consult a doctor.

• After swallowing:

Rinse out mouth and then drink plenty of water.

Do not induce vomiting; immediately call for medical help.

Most important symptoms and effects, both acute and delayed:

Gastric or intestinal disorders when ingested.

Coughing

Breathing difficulty

Nausea in case of ingestion.

May cause gastro-intestinal irritation if ingested.

• Danger: Causes damage to the thyroid through prolonged or repeated exposure. Route of exposure: Oral. · Indication of any immediate medical attention and special treatment needed:

If medical advice is needed, have product container or label at hand.

Medical supervision for at least 48 hours.

### Trade name: lodide lodate Reagent

(Cont'd. of page 2)

### **5** Fire-fighting measures

### Extinguishing media

Suitable extinguishing agents:

The product is not flammable.

Use fire fighting measures that suit the environment.

- For safety reasons unsuitable extinguishing agents: No relevant information available.
- Special hazards arising from the substance or mixture
- During heating or in case of fire poisonous gases are produced.
- <sup>•</sup> Advice for firefighters

### • Protective equipment:

Wear self-contained respiratory protective device.

Wear fully protective suit.

### 6 Accidental release measures

#### • Personal precautions, protective equipment and emergency procedures Ensure adequate ventilation.

For large spills, wear protective clothing.

### **Environmental precautions**

Do not allow undiluted product or large quantities of it to reach ground water, water course or sewage system.

### Methods and material for containment and cleaning up

Wipe up small spills with paper towel and discard.

For larger spills, add sawdust, chalk or other inert binding material, then sweep up and discard.

Send for recovery or disposal in suitable receptacles.

### Reference to other sections

See Section 7 for information on safe handling.

See Section 8 for information on personal protection equipment.

See Section 13 for disposal information.

### 7 Handling and storage

### <sup>·</sup> Handling

### · Precautions for safe handling:

Use only in well ventilated areas.

Avoid splashes or spray in enclosed areas.

· Information about protection against explosions and fires: No special measures required.

### <sup>•</sup> Conditions for safe storage, including any incompatibilities

• Requirements to be met by storerooms and receptacles: Store only in the original receptacle.

### · Information about storage in one common storage facility:

Store away from foodstuffs.

Store away from oxidizers, strong acids, strong bases.

- · Further information about storage conditions: Keep containers tightly sealed.
- **Specific end use(s)** No relevant information available.

### 11 Toxicological information

### · Information on toxicological effects

• Acute toxicity: Based on available data, the classification criteria are not met.

· LD/LC50 values that are relevant for classification:

7681-11-0 potassium iodide

Oral LD50 3118 mg/kg (rat)

### Primary irritant effect:

· On the skin: Based on available data, the classification criteria are not met.

· On the eye: Based on available data, the classification criteria are not met.

• Sensitization: Based on available data, the classification criteria are not met.

### IARC (International Agency for Research on Cancer):

None of the ingredients are listed.

### NTP (National Toxicology Program):

None of the ingredients are listed.

### OSHA-Ca (Occupational Safety & Health Administration):

None of the ingredients are listed.

### • Probable route(s) of exposure:

Ingestion.

Inhalation.

Eye contact.

Skin contact.

• Germ cell mutagenicity: Based on available data, the classification criteria are not met.

· Carcinogenicity: Based on available data, the classification criteria are not met.

• **Reproductive toxicity:** Based on available data, the classification criteria are not met.

STOT-single exposure: Based on available data, the classification criteria are not met.

Aspiration hazard: Based on available data, the classification criteria are not met.

### **12 Ecological information**

### · Toxicity

· Aquatic toxicity No relevant information available.

• Persistence and degradability No relevant information available.

· **Bioaccumulative potential:** No relevant information available.

Mobility in soil: No relevant information available.

• Other adverse effects No relevant information available.

### **13 Disposal considerations**

<sup>·</sup> Waste treatment methods
