

Safety Data Sheet

according to 29CFR1910/1200 and GHS Rev. 3

Initial preparation date: : 12.21.2014**Acetanilide, Tech Grade****SECTION 1: Identification of the substance/mixture and of the supplier****Product name:** Acetanilide, Tech Grade**Manufacturer/Supplier Article number:** AC9800**Recommended uses of the product and restrictions on use:** Laboratory Chemicals**Manufacturer Details:**

AquaPhoenix Scientific, Inc.
860 Gitts Run Road
Hanover, PA 17331
1-717-632-1291

Emergency telephone number:**ChemTel: (24-hour)**

+1(800)255-3924

+1(813)248-0585 (International)

SECTION 2: Hazards identification**Classification of the substance or mixture:****Irritant**

AcTox Oral 4.
Skin Irrit. 2.
Eye Irrit. 2A.
Specific Target. Organ tox. 3.
Aquatic AcTox. 3.
Aquatic ChrTox. 3.

Signal word: Warning**Hazard statements:**

Harmful if swallowed.
Causes skin irritation.
Causes serious eye irritation.
May cause respiratory irritation.
Harmful to aquatic life with long lasting effects.

Precautionary statements:

If medical advice is needed have product container or label at hand.
Keep out of reach of children.
Read label before use.
Wear protective gloves/protective clothing/eye protection/face protection.
Wash skin thoroughly after handling.
Avoid breathing dust/fume/gas/mist/vapors/spray.
Do not eat, drink or smoke when using this product.
Use only outdoors or in a well-ventilated area.
Avoid release to the environment.
IF SWALLOWED: Call a POISON CENTER or doctor/physician if you feel unwell.
Take off contaminated clothing and wash before reuse.
Specific treatment (see supplemental first aid instructions on this label).

Safety Data Sheet

according to 29CFR1910/1200 and GHS Rev. 3

Initial preparation date: : 12.21.2014**Acetanilide, Tech Grade**

IF ON SKIN: Wash with soap and water.

IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing.

Call a POISON CENTER or doctor/physician if you feel unwell.

Rinse mouth.

If skin irritation occurs: Get medical advice/attention.

If eye irritation persists get medical advice/attention.

Store in a well ventilated place. Keep container tightly closed.

Store locked up.

Dispose of contents and container as instructed in Section 13.

Other Non-GHS Classification: None**SECTION 3: Composition/information on ingredients****Ingredients:**

Ingredients:		
CAS 103-84-4	Acetanilide	100 %
Percentages are by weight		

SECTION 4: First aid measures**Description of first aid measures****After inhalation:**

Loosen clothing as necessary and position individual in a comfortable position. Remove to fresh air. Give artificial respiration if necessary. If breathing is difficult give oxygen. Do not perform mouth-to-mouth on an unconscious person. Seek medical attention immediately.

After skin contact:

Seek medical attention immediately. Wash hands and exposed skin with soap and plenty of water. Before re-wearing, wash contaminated clothing. Immediately rinse/flush the exposed skin with plenty of water for at least 15 minutes while removing contaminated clothing and shoes.

After eye contact:

Protect unexposed eye. Rinse or flush exposed eye gently using water for 15-20 minutes. Remove contact lenses, if present and easy to do, and continue rinsing. Occasionally lift the upper and lower eyelids while rinsing. Seek medical attention immediately.

After swallowing:

Call poison control center. Do not induce vomiting unless directed to do so by medical personnel. Never give anything by mouth to an unconscious person. Seek medical attention immediately.

Most important symptoms and effects, both acute and delayed:

Irritation. Nausea. Headache. Shortness of breath.

Indication of any immediate medical attention and special treatment needed:

If seeking medical attention provide SDS document to physician. Notes to Physician: Treat symptomatically.

SECTION 5: Firefighting measures**Extinguishing media****Suitable extinguishing agents:**

Safety Data Sheet

according to 29CFR1910/1200 and GHS Rev. 3

Initial preparation date: : 12.21.2014**Acetanilide, Tech Grade**

For small fires use water spray, dry chemical, carbon dioxide, or chemical foam. Use water spray to cool fire-exposed containers.

Unsuitable extinguishing agents:

Strong oxidizers. Strong bases.

Special hazards arising from the substance or mixture:

Combustion products may include carbon oxides or other toxic vapors.

Advice for firefighters:**Protective equipment:**

Wear protective eyewear, gloves, and clothing. When air-purifying respirators are appropriate select full-face particle respirator type N100 (US) or type P3 (EN 143) respirator cartridges as a backup to engineering controls. When necessary use NIOSH approved breathing equipment.

Additional information (precautions):

Ensure adequate ventilation. Avoid contact with eyes, skin, and clothing. Remove all sources of ignition.

SECTION 6: Accidental release measures**Personal precautions, protective equipment and emergency procedures:**

Use spark-proof tools and explosion-proof equipment. Use personal protective equipment. Ensure adequate ventilation. Avoid contact with eyes, skin, and clothing. Remove from all sources of ignition.

Environmental precautions:

Should not be released into environment. Collect contaminated soil for characterization per Section 13.

Methods and material for containment and cleaning up:

Vacuum or sweep up material and place into a suitable disposal container. Clean up spills immediately, observing precautions for protective equipment. Avoid generating dust. Provide ventilation.

Reference to other sections: None**SECTION 7: Handling and storage****Precautions for safe handling:**

Wash hands and exposed skin with soap and plenty of water. Wash hands before breaks and immediately after handling the product. Avoid ingestion and inhalation. Routine housekeeping should be instituted to ensure that dusts do not accumulate on surfaces. Follow good hygiene procedures when handling chemical materials. Do not eat, drink, smoke, or use personal products when handling chemical substances. Use only in well ventilated areas. Avoid generation of dust or fine particulate. Avoid contact with skin, eyes and clothing.

Conditions for safe storage, including any incompatibilities:

Store away from incompatible materials. Store with like hazards. Keep away from food, beverages, and feed sources. Do not store product and empty container away from heat and sources of ignition. Keep from contact with oxidizing materials. Keep away from strong bases. Keep container tightly closed in a cool, dry, and well-ventilated area. Store in inert atmosphere. Store away from acids.

SECTION 8: Exposure controls/personal protection**Control parameters:**

Safety Data Sheet

according to 29CFR1910/1200 and GHS Rev. 3

Initial preparation date: : 12.21.2014**Acetanilide, Tech Grade**

Appropriate engineering controls: It is recommended that all dust control equipment such as local exhaust ventilation and material transport systems involved in handling of this product contain explosion relief vents or an explosion suppression system or an oxygen deficient environment. Use adequate general or local explosion-proof ventilation to keep airborne levels to acceptable levels. Emergency eye wash fountains and safety showers should be available in the immediate vicinity of use or handling.

Respiratory protection: Not required under normal conditions of use. Normal ventilation is adequate.

Protection of skin: Select glove material impermeable and resistant to the substance. Select glove material based on rates of diffusion and degradation. Wear protective clothing.

Eye protection: Safety glasses with side shields or goggles.

General hygienic measures: Follow Chemical Hygiene Plan. Wash hands and exposed skin with soap and plenty of water. Wash hands before breaks and immediately after handling the product. Wash contaminated clothing.

SECTION 9: Physical and chemical properties

Appearance (physical state, color):	White crystalline powder	Explosion limit lower: Explosion limit upper:	Non Explosive Non Explosive
Odor:	Odorless	Vapor pressure at 20°C:	1 mm Hg @ 273 deg F
Odor threshold:	Not determined	Vapor density:	4.65
pH-value:	Not determined	Relative density:	Not determined
Melting/Freezing point:	113-115°C	Solubilities:	Slightly soluble.
Boiling point/Boiling range:	304°C	Partition coefficient (n-octanol/water):	Not determined
Flash point (closed cup):	173°C	Auto/Self-ignition temperature:	545°C
Evaporation rate:	Not determined	Decomposition temperature:	Not determined
Flammability (solid, gaseous):	Not determined	Viscosity:	a. Kinematic: Not determined b. Dynamic: Not determined
Density at 20°C:	Not determined		

SECTION 10: Stability and reactivity**Reactivity:**

None under normal processing.

Chemical stability:

Stable under normal conditions.

Possible hazardous reactions: None**Conditions to avoid:**

Dust generation.

Incompatible materials:

Strong bases. Strong oxidizers.

Hazardous decomposition products:

Carbon oxides. Nitrogen oxides.

Safety Data Sheet

according to 29CFR1910/1200 and GHS Rev. 3

Initial preparation date: : 12.21.2014**Acetanilide, Tech Grade****SECTION 11: Toxicological information****Acute Toxicity:** No additional information.**Chronic Toxicity:** No additional information.**Skin corrosion/irritation:** No additional information.**Serious eye damage/irritation:** No additional information.**Respiratory or skin sensitization:**

Irritation: Irritating to eyes and skin.

Carcinogenicity: No additional information.**Germ cell mutagenicity:** No additional information.**Reproductive Toxicity:** No additional information.**STOT-single and repeated exposure:** No additional information.**Additional toxicological information:**

No additional information.

SECTION 12: Ecological information**Ecotoxicity:**

Lepomis macrochirus, 96 Hr LC50: 100 mg/L.

Persistence and degradability:

Possibly hazardous short term degradation products are not likely. Long term degradation products may arise. The products of degradation are more toxic.

Bioaccumulative potential: No additional information.**Mobility in soil:** No additional information.**Other adverse effects:**

Readily biodegradable.

SECTION 13: Disposal considerations**Waste disposal recommendations:**

Do not allow product to reach sewage system or open water. It is the responsibility of the waste generator to properly characterize all waste materials according to applicable regulatory entities (US 40CFR262.11). If necessary use trained response staff or contractor. Consult federal, state, provincial, and local regulations regarding the proper disposal of waste material that may incorporate some amount of this product.

SECTION 14: Transport information**US DOT****UN Number:**

ADR, ADN, DOT, IMDG, IATA

Not Regulated

Limited Quantity Exception:

None

Bulk:**RQ (if applicable):** None**Proper shipping Name:** Not Regulated.**Non Bulk:****RQ (if applicable):** None**Proper shipping Name:** Not Regulated.

Safety Data Sheet

according to 29CFR1910/1200 and GHS Rev. 3

Initial preparation date: : 12.21.2014**Acetanilide, Tech Grade****Hazard Class:** None**Packing Group:** Not Regulated.**Marine Pollutant (if applicable):** No**Comments:** None**Hazard Class:** None**Packing Group:** Not Regulated.**Marine Pollutant (if applicable):** No**Comments:** None**SECTION 15: Regulatory information****United States (USA)****SARA Section 311/312 (Specific toxic chemical listings):**

Acute

SARA Section 313 (Specific toxic chemical listings):

None of the ingredients are listed.

RCRA (hazardous waste code):

None of the ingredients are listed.

TSCA (Toxic Substances Control Act) :

103-84-4 The components of this solution are not listed on the TSCA Inventory.: not listed.

CERCLA (Comprehensive Environmental Response, Compensation, and Liability Act):

None of the ingredients are listed.

Proposition 65 (California):**Chemicals known to cause cancer:**

None of the ingredients are listed.

Chemicals known to cause reproductive toxicity for females:

None of the ingredients are listed.

Chemicals known to cause reproductive toxicity for males:

None of the ingredients are listed.

Chemicals known to cause developmental toxicity:

None of the ingredients are listed.

Canada**Canadian Domestic Substances List (DSL) :**

All ingredients are listed.

SECTION 16: Other information

This product has been classified in accordance with hazard criteria of the Controlled Products Regulations and the SDS contains all the information required by the Controlled Products Regulations. Note. The responsibility to provide a safe workplace remains with the user. The user should consider the health hazards and safety information contained herein as a guide and should take those precautions required in an individual operation to instruct employees and develop work practice procedures for a safe work environment. The information contained herein is, to the best of our knowledge and belief, accurate. However, since the conditions of handling and use are beyond our control, we make no guarantee of results, and assume no liability for damages incurred by the use of this material. It is the responsibility of the user to comply with all applicable laws and regulations applicable to this material.

NFPA: 2-0-0

Safety Data Sheet

according to 29CFR1910/1200 and GHS Rev. 3

Initial preparation date: : 12.21.2014**Acetanilide, Tech Grade****HMIS:** 2-0-0**GHS Full Text Phrases:** None**Abbreviations and Acronyms:**
