according to 29CFR1910/1200 and GHS Rev. 3  $\,$ 

Initial preparation date: : 02.17.2015

## **Hydrolyzed Peptide**

## SECTION 1: Identification of the substance/mixture and of the supplier

Product name:

Hydrolyzed Peptide

## Manufacturer/Supplier Article number: HP4944SS

Recommended uses of the product and restrictions on use: Laboratory chemicals

## Manufacturer Details:

AquaPhoenix Scientific, Inc. 860 Gitts Run Road Hanover, PA 17331 1-717-632-1291

## **Emergency telephone number:**

## ChemTel: (24-hour)

+1(800)255-3924 +1(813)248-0585 (International)

## **SECTION 2: Hazards identification**

## Classification of the substance or mixture:

Not classified for physical or heath hazards under GHS.

### Signal word: None

## Hazard statements:

None

### **Precautionary statements:**

If medical advice is needed have product container or label at hand. Keep out of reach of children. Read label before use.

## Other Non-GHS Classification: None

## **SECTION 3: Composition/information on ingredients**

## Ingredients:

Ingredients:				
CAS 63-91-2	Phenylalanine	0.73 %		
CAS 26628-22-8	Sodium Azide, 99%	Sodium Azide, 99% 0.02 %		
CAS 56-40-6	Glycine, Reagent Grade	0.33 %		
CAS 74-79-3	Arginine	0.76 %		
CAS 7732-18-5	water, Purified	98.16 %		
		Percentages are by weight		

# SECTION 4: First aid measures Description of first aid measures

according to 29CFR1910/1200 and GHS Rev. 3

#### Initial preparation date: : 02.17.2015

#### **Hydrolyzed Peptide**

#### After inhalation:

Loosen clothing as necessary and position individual in a comfortable position. Get medical assistance if cough or other symptoms appear.

#### After skin contact:

Rinse/flush exposed skin gently using soap and water for 15-20 minutes. Seek medical advice if discomfort or irritation persists.

#### After eye contact:

Protect unexposed eye. Rinse/flush exposed eye(s) gently using water for 15-20 minutes. Remove contact lens(es) if able to do so during rinsing. Seek medical attention if irritation persists or if concerned.

#### After swallowing:

Rinse mouth thoroughly. Never give anything by mouth to an unconscious person. Do not induce vomiting. Have exposed individual drink sips of water. Seek medical attention if irritation, discomfort or vomiting persists.

#### Most important symptoms and effects, both acute and delayed:

Irritation. Nausea. Headache. Shortness of breath.

#### Indication of any immediate medical attention and special treatment needed:

If seeking medical attention, provide SDS document to physician. Physician should treat symptomatically.

#### **SECTION 5: Firefighting measures**

## **Extinguishing media**

#### Suitable extinguishing agents:

Use appropriate fire suppression agents for adjacent combustible materials or sources of ignition. Use water, dry chemical, chemical foam, carbon dioxide, or alcohol-resistant foam.

## Unsuitable extinguishing agents: None

#### Special hazards arising from the substance or mixture:

Thermal decomposition can lead to release of irritating gases and vapors.

#### Advice for firefighters:

#### **Protective equipment:**

Use NIOSH-approved respiratory protection/breathing apparatus.

#### Additional information (precautions):

Avoid contact with skin, eyes and clothing. Avoid inhaling gases, fumes, dust, mist, vapor and aerosols.

## **SECTION 6: Accidental release measures**

# Personal precautions, protective equipment and emergency procedures:

Wear protective equipment. Ensure that air-handling systems are operational. Ensure adequate ventilation. Avoid contact with eyes, skin, and clothing.

# **Environmental precautions:**

Prevent from reaching drains, sewer or waterway. Collect contaminated soil for characterization per Section 13. Should not be released into environment.

## Methods and material for containment and cleaning up:

Keep in suitable closed containers for disposal. Wear protective eyeware, gloves, and clothing. Always obey local regulations. Evacuate personnel to safe areas. Absorb with suitable material and containerize for disposal. Refer to Section 8.

# Reference to other sections: None

# SECTION 7: Handling and storage

# Precautions for safe handling:

according to 29CFR1910/1200 and GHS Rev. 3

## Initial preparation date: : 02.17.2015

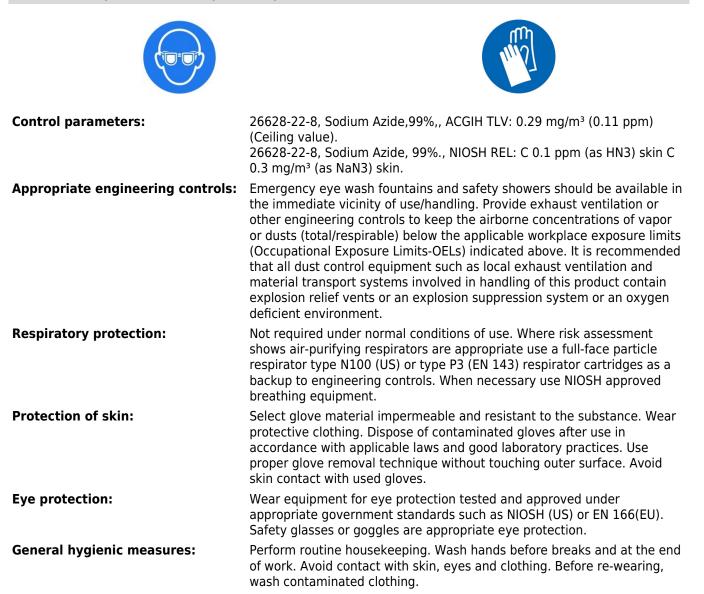

## Hydrolyzed Peptide

Follow good hygiene procedures when handling chemical materials. Refer to Section 8. Do not eat, drink, smoke, or use personal products when handling chemical substances. Avoid contact with skin, eyes and clothing.

# Conditions for safe storage, including any incompatibilities:

Store away from incompatible materials. Protect from freezing and physical damage. Keep away from food and beverages. Avoid storage near extreme heat, ignition sources or open flame. Store in cool, dry conditions in well sealed containers. Store with like hazards.

## **SECTION 8: Exposure controls/personal protection**

### **SECTION 9: Physical and chemical properties**

Appearance (physical state, color):	Clear, colorless liquid	•	Not determined Not determined
Odor:	Odorless	Vapor pressure at 20°C:	Not determined
Odor threshold:	Not determined	Vapor density:	Not determined
pH-value:	Not determined	Relative density:	Not determined

according to 29CFR1910/1200 and GHS Rev. 3

Initial preparation date: : 02.17.2015

Hydrolyzed Peptide				
Melting/Freezing point:	Not determined	Solubilities:	Material is water soluble.	
Boiling point/Boiling range:	Not determined	Partition coefficient (n- octanol/water):	Not determined	
Flash point (closed cup):	Not determined	Auto/Self-ignition temperature:	Not determined	
Evaporation rate:	Not determined	Decomposition temperature:	Not determined	
Flammability (solid, gaseous):	Not determined	Viscosity:	a. Kinematic: Not determined b. Dynamic: Not determined	
Density at 20°C:	Not determined			

## **SECTION 10: Stability and reactivity**

### **Reactivity:**

Nonreactive under normal conditions.

### **Chemical stability:**

Stable under normal conditions.

## Possible hazardous reactions:

None under normal processing.

# Conditions to avoid:

Incompatible Materials. excess heat.

# Incompatible materials:

Oxidizing agents.

### Hazardous decomposition products:

Oxides of carbon. Nitrogen oxides (NOx). irritating and toxic fumes and gases.

# **SECTION 11: Toxicological information**

Acute Toxicity: None Chronic Toxicity: No additional information. Skin corrosion/irritation: No additional information. Serious eye damage/irritation: No additional information. Respiratory or skin sensitization: No additional information. Carcinogenicity:

**OSHA:** No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by OSHA.

Germ cell mutagenicity: No additional information. Reproductive Toxicity: No additional information. STOT-single and repeated exposure: No additional information. Additional toxicological information:

No additional information.

## **SECTION 12: Ecological information**

**Ecotoxicity:** No additional information. **Persistence and degradability**: No additional information. **Bioaccumulative potential**: No additional information. **Mobility in soil**: No additional information.

according to 29CFR1910/1200 and GHS Rev. 3

**Initial preparation date:** : 02.17.2015

#### Hydrolyzed Peptide

**Other adverse effects**: No additional information.

#### **SECTION 13: Disposal considerations**

## Waste disposal recommendations:

Contact a licensed professional waste disposal service to dispose of this material. Dispose of empty containers as unused product. It is the responsibility of the waste generator to properly characterize all waste materials according to applicable regulatory entities (US 40CFR262.11). Chemical waste generators must determine whether a discarded chemical is classified as a hazardous waste. Chemical waste generators must also consult local, regional, and national hazardous waste regulations. Ensure complete and accurate classification.

## **SECTION 14: Transport information**

#### **US DOT**

**UN Number:** ADR, ADN, DOT, IMDG, IATA

Not Regulated.

None

Limited Quantity Exception:

Bulk: RQ (if applicable): None Proper shipping Name: Not Regulated. Hazard Class: None Packing Group: Not Regulated. Marine Pollutant (if applicable): No additional information. Comments: None Non Bulk: RQ (if applicable): None Proper shipping Name: Not Regulated. Hazard Class: None Packing Group: Not Regulated. Marine Pollutant (if applicable): No additional information. Comments: None

## **SECTION 15: Regulatory information**

## United States (USA)

SARA Section 311/312 (Specific toxic chemical listings):

None of the ingredients are listed.

SARA Section 313 (Specific toxic chemical listings):

None of the ingredients are listed.

## RCRA (hazardous waste code):

None of the ingredients are listed.

#### TSCA (Toxic Substances Control Act) :

26628-22-8 Sodium Azide, 99% : not listed.

#### CERCLA (Comprehensive Environmental Response, Compensation, and Liability Act):

26628-22-8 Sodium Azide 1000 lbs.

### Proposition 65 (California):

## Chemicals known to cause cancer:

None of the ingredients are listed.

according to 29CFR1910/1200 and GHS Rev. 3

Initial preparation date: : 02.17.2015

## **Hydrolyzed Peptide**

# Chemicals known to cause reproductive toxicity for females:

None of the ingredients are listed.

Chemicals known to cause reproductive toxicity for males:

None of the ingredients are listed.

## Chemicals known to cause developmental toxicity:

None of the ingredients are listed.

## Canada

### Canadian Domestic Substances List (DSL) :

26628-22-8 Sodium Azide, 99%: not listed.

## **SECTION 16: Other information**

This product has been classified in accordance with hazard criteria of the Controlled Products Regulations and the SDS contains all the information required by the Controlled Products Regulations. Note. The responsibility to provide a safe workplace remains with the user. The user should consider the health hazards and safety information contained herein as a guide and should take those precautions required in an individual operation to instruct employees and develop work practice procedures for a safe work environment. The information contained herein is, to the best of our knowledge and belief, accurate. However, since the conditions of handling and use are beyond our control, we make no guarantee of results, and assume no liability for damages incurred by the use of this material.
