

# Safety Data Sheet

According to Canadian Hazardous Products Regulations and WHMIS 2015

Initial preparation date: 05.12.2017

Page 1 of 9

## Nitrite Titrant

### SECTION 1: Identification

#### Product identifier

**Product name:** Nitrite Titrant

**Product code:** ND2280SS

#### Recommended use of the product and restriction on use

**Relevant identified uses:** Laboratory Chemicals

**Uses advised against:** Not determined or not applicable.

**Reasons why uses advised against:** Not determined or not applicable.

#### Manufacturer or supplier details

##### Manufacturer:

##### United States

AquaPhoenix Scientific, Inc.

860 Gitts Run Road

Hanover, PA 17331

1-717-632-1291

#### Emergency telephone number:

##### Canada

##### ChemTel: (24-hour)

+1(800)255-3924

+1(813)248-0585 (International)

### SECTION 2: Hazard identification

#### GHS classification:

Serious eye damage, category 1

Skin corrosion, category 1A

Skin sensitization, category 1

Chronic aquatic hazard, category 2

#### Label elements

##### Hazard pictograms:

**Signal word:** Danger

#### Hazard statements:

H318 Causes serious eye damage.

H314 Causes severe skin burns and eye damage.

H317 May cause an allergic skin reaction.

H411 Toxic to aquatic life with long lasting effects.

#### Precautionary statements:

P280 Wear protective gloves/protective clothing/eye protection/face protection.

P260 Do not breathe dust/fume/gas/mist/vapors/spray.

## Safety Data Sheet

According to Canadian Hazardous Products Regulations and WHMIS 2015

Initial preparation date: 05.12.2017

Page 2 of 9

### Nitrite Titrant

P264 Wash skin thoroughly after handling.  
P272 Contaminated work clothing should not be allowed out of the workplace.  
P273 Avoid release to the environment.  
P305+P351+P338+P310 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER or doctor/physician.  
P321 Specific treatment (see supplemental first aid instructions on this label).  
P363 Wash contaminated clothing before reuse.  
P304+P340+P310 If inhaled: Remove victim to fresh air and keep at rest in a position comfortable for breathing. Immediately call a poison center or doctor/physician.  
P301+P330+P331+P310 IF SWALLOWED: Rinse mouth. Do NOT induce vomiting. Immediately call a POISON CENTER or doctor/physician.  
P303+P361+P353+P310 IF ON SKIN (or hair): Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower. Immediately call a POISON CENTER or doctor/physician.  
P302+P352 If on skin: Wash with soap and water.  
P333+P313 If skin irritation or a rash occurs: Get medical advice/attention.  
P391 Collect spillage.  
P405 Store locked up.  
P501 Dispose of contents and container as instructed in Section 13.

**Hazards not otherwise classified:** None

### SECTION 3: Composition/information on ingredients

| Identification            | Name                   | Weight % |
|---------------------------|------------------------|----------|
| CAS number:<br>16774-21-3 | Ceric Ammonium Sulfate | <24      |
| CAS number:<br>7664-93-9  | Sulfuric Acid          | <10      |
| CAS number:<br>7732-18-5  | Water, purified        | >66      |

**Additional Information:** None

### SECTION 4: First-aid measures

#### Description of first-aid measures

##### General notes:

Not determined or not available.

##### After inhalation:

Move exposed individual to fresh air  
Loosen clothing as necessary and position individual in a comfortable position  
Maintain an unobstructed airway  
Immediately call a POISON CONTROL CENTER or seek medical attention

##### After skin contact:

Immediately remove all contaminated clothing  
Wash affected area with soap and water  
Immediately call a POISON CONTROL CENTER or seek medical attention

##### After eye contact:

Rinse/flush exposed eye(s) gently using water for 15-20 minutes

## Safety Data Sheet

According to Canadian Hazardous Products Regulations and WHMIS 2015

Initial preparation date: 05.12.2017

Page 3 of 9

### Nitrite Titrant

Remove contact lens(es) if able to do so during rinsing  
Immediately call a POISON CONTROL CENTER or seek medical attention

#### After ingestion:

Immediately call a POISON CONTROL CENTER or seek medical attention  
Do not induce vomiting  
Rinse mouth and then drink plenty of water

#### Most important symptoms and effects, both acute and delayed

##### Acute symptoms and effects:

Not determined or not available.

##### Delayed symptoms and effects:

Not determined or not available.

#### Immediate medical attention and special treatment

##### Specific treatment:

Not determined or not available.

##### Notes for the doctor:

Not determined or not available.

### SECTION 5: Fire-fighting measures

#### Extinguishing media

##### Suitable extinguishing media:

Use appropriate fire suppression agents for adjacent combustible materials or sources of ignition

##### Unsuitable extinguishing media:

Not determined or not applicable.

#### Specific hazards during fire-fighting:

Thermal decomposition can lead to release of irritating gases and vapors

#### Special protective equipment for firefighters:

Wear protective eye wear, gloves and clothing  
Refer to Section 8  
Use typical firefighting equipment, self-contained breathing apparatus, special tightly sealed suit

#### Special precautions:

Heating causes a rise in pressure, risk of bursting and combustion  
Shut off sources of ignition  
Carbon monoxide and carbon dioxide may form upon combustion

### SECTION 6: Accidental release measures

#### Personal precautions, protective equipment and emergency procedures:

Ensure adequate ventilation  
Ensure air handling systems are operational  
Wear protective eye wear, gloves and clothing

#### Environmental precautions:

Should not be released into the environment  
Prevent from reaching drains, sewer or waterway

#### Methods and material for containment and cleaning up:

# Safety Data Sheet

According to Canadian Hazardous Products Regulations and WHMIS 2015

Initial preparation date: 05.12.2017

Page 4 of 9

## Nitrite Titrant

Absorb with non-combustible liquid-binding material (sand, diatomaceous earth (clay), acid binders, universal binders)

Dispose of contents / container in accordance with local regulations

### Reference to other sections:

Not determined or not applicable.

## SECTION 7: Handling and storage

### Precautions for safe handling:

Do not eat, drink, smoke or use personal products when handling chemical substances.

Avoid breathing mist or vapor.

Use only with adequate ventilation.

### Conditions for safe storage, including any incompatibilities:

Store in a cool, well-ventilated area.

Store away from foodstuffs.

## SECTION 8: Exposure controls/personal protection

Only those substances with limit values have been included below.

### Occupational Exposure limit values:

| Country (Legal Basis) | Substance     | Identifier | Permissible concentration                           |
|-----------------------|---------------|------------|---|
| United States (OSHA)  | Sulfuric Acid | 7664-93-9  | OSHA PEL TWA 1.0 mg/m <sup>3</sup>                  |
| ACGIH                 | Sulfuric Acid | 7664-93-9  | ACGIH TLV 0.2 mg/m <sup>3</sup> , thoracic fraction |
|                       | Sulfuric Acid | 7664-93-9  | ACGIH TLV STEL 3.0 mg/m <sup>3</sup>                |
| NIOSH                 | Sulfuric Acid | 7664-93-9  | NIOSH REL TWA 1.0 mg/m <sup>3</sup>                 |

### Biological limit values:

No biological exposure limits noted for the ingredient(s).

### Information on monitoring procedures:

Not determined or not applicable.

### Appropriate engineering controls:

Emergency eye wash fountains and safety showers should be available in the immediate vicinity of use or handling.

Provide exhaust ventilation or other engineering controls to keep the airborne concentrations of vapor and mists below the applicable workplace exposure limits (Occupational Exposure Limits-OELs) indicated above.

### Personal protection equipment

#### Eye and face protection:

Safety goggles or glasses, or appropriate eye protection.

#### Skin and body protection:

Select glove material impermeable and resistant to the substance.

#### Respiratory protection:

When necessary, use NIOSH-approved breathing equipment.

### General hygienic measures:

Wash hands before breaks and at the end of work.

Avoid contact with skin, eyes and clothing.

# Safety Data Sheet

According to Canadian Hazardous Products Regulations and WHMIS 2015

Initial preparation date: 05.12.2017

Page 5 of 9

## Nitrite Titrant

Perform routine housekeeping.  
Wash contaminated clothing before reusing.

## SECTION 9: Physical and chemical properties

### Information on basic physical and chemical properties

|   |                                  |
|---|----------------------------------|
| <b>Appearance (physical state, color):</b>      | Clear, orange colored liquid     |
| <b>Odor:</b>                                    | Odorless                         |
| <b>Odor threshold:</b>                          | Not determined or not available. |
| <b>pH-value:</b>                                | < 3                              |
| <b>Melting/Freezing point:</b>                  | Approx. 0 °C                     |
| <b>Boiling point/range:</b>                     | Approx. 100 °C                   |
| <b>Flash point:</b>                             | Not determined or not available. |
| <b>Evaporation rate:</b>                        | Not determined or not available. |
| <b>Flammability (solid, gaseous):</b>           | Not determined or not available. |
| <b>Explosion limit upper:</b>                   | Not determined or not available. |
| <b>Explosion limit lower:</b>                   | Not determined or not available. |
| <b>Vapor pressure:</b>                          | Not determined or not available. |
| <b>Vapor density:</b>                           | > 1                              |
| <b>Density:</b>                                 | Not determined or not available. |
| <b>Relative density:</b>                        | Approx. 1.05                     |
| <b>Solubilities:</b>                            | Not determined or not available. |
| <b>Partition coefficient (n-octanol/water):</b> | Not determined or not available. |
| <b>Auto/Self-ignition temperature:</b>          | Not determined or not available. |
| <b>Decomposition temperature:</b>               | Not determined or not available. |
| <b>Dynamic viscosity:</b>                       | Not determined or not available. |
| <b>Kinematic viscosity:</b>                     | Not determined or not available. |
| <b>Explosive properties</b>                     | Not determined or not available. |
| <b>Oxidizing properties</b>                     | Not determined or not available. |

### Other information

## SECTION 10: Stability and reactivity

### Reactivity:

Does not react under normal conditions of use and storage.

### Chemical stability:

Stable under normal conditions of use and storage.

### Possibility of hazardous reactions:

None under normal conditions of use and storage.

### Conditions to avoid:

None known.

### Incompatible materials:

None known.

## Safety Data Sheet

According to Canadian Hazardous Products Regulations and WHMIS 2015

Initial preparation date: 05.12.2017

Page 6 of 9

### Nitrite Titrant

#### Hazardous decomposition products:

None known.

### SECTION 11: Toxicological information

#### Acute toxicity

**Assessment:** Based on available data, the classification criteria are not met.

**Product data:** No data available.

#### Substance data:

| Name                   | Route | Result                                       |
|------------------------|-------|--|
| Ceric Ammonium Sulfate | oral  | LD50 Oral - Rat - female - 300 - 2,000 mg/kg |

#### Skin corrosion/irritation

**Assessment:** Causes severe skin burns and eye damage

**Product data:** No data available.

#### Substance data:

| Name                   | Result                                   |
|------------------------|--|
| Sulfuric Acid          | Causes severe skin burns and eye damage. |
| Ceric Ammonium Sulfate | Causes skin irritation                   |

#### Serious eye damage/irritation

**Assessment:** Causes serious eye damage

**Product data:** No data available.

#### Substance data:

| Name                   | Result                    |
|------------------------|---------------------------|
| Ceric Ammonium Sulfate | Causes serious eye damage |

#### Respiratory or skin sensitization

**Assessment:** May cause an allergic skin reaction

**Product data:** No data available.

#### Substance data:

| Name                   | Result                               |
|------------------------|--------------------------------------|
| Ceric Ammonium Sulfate | May cause an allergic skin reaction. |

#### Carcinogenicity

**Assessment:** Based on available data, the classification criteria are not met.

**Product data:** No data available.

#### Substance data:

| Name          | Species  | Result                         |
|---------------|--|--------------------------------|
| Sulfuric Acid | Strong Inorganic Acid Mists Containing Sulfuric Acid | Known to be human carcinogens. |

#### International Agency for Research on Cancer (IARC):

| Name          | Classification                   |
|---------------|----------------------------------|
| Sulfuric Acid | Group 1 - Carcinogenic to humans |

#### National Toxicology Program (NTP):

### Nitrite Titrant

| Name          | Classification                |
|---------------|-------------------------------|
| Sulfuric Acid | Known to be human carcinogens |

#### Germ cell mutagenicity

**Assessment:** Based on available data, the classification criteria are not met.

**Product data:** No data available.

**Substance data:** No data available.

#### Reproductive toxicity

**Assessment:** Based on available data, the classification criteria are not met.

**Product data:** No data available.

**Substance data:** No data available.

#### Specific target organ toxicity (single exposure)

**Assessment:** Based on available data, the classification criteria are not met.

**Product data:** No data available.

**Substance data:**

| Name                   | Result  |
|------------------------|---|
| Ceric Ammonium Sulfate | Specific target organ toxicity - single exposure. Inhalation - May cause respiratory irritation |

#### Specific target organ toxicity (repeated exposure)

**Assessment:** Based on available data, the classification criteria are not met.

**Product data:** No data available.

**Substance data:** No data available.

#### Aspiration toxicity

**Assessment:** Based on available data, the classification criteria are not met.

**Product data:** No data available.

**Substance data:** No data available.

**Information on likely routes of exposure:** No data available.

**Symptoms related to the physical, chemical and toxicological characteristics:** No data available.

**Other information:** No data available.

### SECTION 12: Ecological information

#### Acute (short-term) toxicity

**Assessment:** Based on available data, the classification criteria are not met.

**Product data:** No data available.

**Substance data:**

| Name                   | Result  |
|------------------------|---|
| Ceric Ammonium Sulfate | LC50 - Oncorhynchus mykiss (rainbow trout) - 0.14 mg/l - 96 h |

#### Chronic (long-term) toxicity

**Product data:** No data available.

**Substance data:** No data available.

#### Persistence and degradability

**Product data:** No data available.

**Substance data:** No data available.

#### Bioaccumulative potential

**Product data:** No data available.

**Substance data:** No data available.

#### Mobility in soil

**Product data:** No data available.

**Substance data:** No data available.

**Other adverse effects:** No data available.

### SECTION 13: Disposal considerations

#### Disposal methods:

It is the responsibility of the waste generator to properly characterize all waste materials according to applicable regulatory entities (US 40CFR262.11)

### SECTION 14: Transport information

#### Canadian Transportation of Dangerous Goods (TDG)

|                               |               |
|-------------------------------|---------------|
| UN number                     | Not regulated |
| UN proper shipping name       | Not regulated |
| UN transport hazard class(es) | None          |
| Packing group                 | None          |
| Environmental hazards         | None          |
| Special precautions for user  | None          |

#### International Maritime Dangerous Goods (IMDG)

|                               |               |
|-------------------------------|---------------|
| UN number                     | Not regulated |
| UN proper shipping name       | Not regulated |
| UN transport hazard class(es) | None          |
| Packing group                 | None          |
| Environmental hazards         | None          |
| Special precautions for user  | None          |

#### International Air Transport Association Dangerous Goods Regulations (IATA-DGR)

|                               |               |
|-------------------------------|---------------|
| UN number                     | Not regulated |
| UN proper shipping name       | Not regulated |
| UN transport hazard class(es) | None          |
| Packing group                 | None          |
| Environmental hazards         | None          |
| Special precautions for user  | None          |

#### Transport in bulk according to Annex II of MARPOL73/78 and the IBC Code

|                    |      |
|--------------------|------|
| Bulk Name          | None |
| Ship type          | None |
| Pollution category | None |

### Nitrite Titrant

#### SECTION 15: Regulatory information

##### Canada regulations

##### Domestic substances list (DSL):

|            |                        |        |
|------------|------------------------|--------|
| 7664-93-9  | Sulfuric Acid          | Listed |
| 16774-21-3 | Ceric Ammonium Sulfate | Listed |
| 7732-18-5  | Water, purified        | Listed |

**Non-domestic substances list (NDSL):** Not determined.

#### SECTION 16: Other information

**Abbreviations and Acronyms:** None

##### Disclaimer:

This product has been classified in accordance with hazard criteria of the Controlled Products Regulations and the SDS contains all the information required by the Controlled Products Regulations. The responsibility to provide a safe workplace remains with the user. The user should consider the health hazards and safety information contained herein as a guide and should take those precautions required in an individual operation to instruct employees and develop work practice procedures for a safe work environment. The information contained herein is, to the best of our knowledge and belief, accurate. However, since the conditions of handling and use are beyond our control, we make no guarantee of results, and assume no liability for damages incurred by the use of this material. It is the responsibility of the user to comply with all applicable laws and regulations applicable to this material.
