according to 29CFR1910/1200 and GHS Rev. 3

Initial preparation date: : 02.08.2015

## Sand, Fine White, Ottawa

# SECTION 1: Identification of the substance/mixture and of the supplier

Product name:

Sand, Fine White, Ottawa

Manufacturer/Supplier Article number: S25516A

# Recommended uses of the product and restrictions on use:

# Manufacturer Details:

AquaPhoenix Scientific 860 Gitts Run Road, Hanover, PA 17331 (717) 632-1291

# Supplier Details:

Fisher Science Education 6771 Silver Crest Road, Nazareth, PA 18064 800 955-1177

# **Emergency telephone number:**

Emergency Telephone No.: 800-255-3924

# **SECTION 2: Hazards identification**

# Classification of the substance or mixture:

Health hazard Carcinogenicity, category 1A

Carc. 1A.

## Signal word: Danger

### Hazard statements:

May cause cancer.

# **Precautionary statements:**

If medical advice is needed have product container or label at hand. Keep out of reach of children. Read label before use. Obtain special instructions before use. Do not handle until all safety precautions have been read and understood. Wear protective gloves/protective clothing/eye protection/face protection. IF exposed or concerned: Get medical advice/attention. Store locked up. Dispose of contents and container as instructed in Section 13.

# Other Non-GHS Classification: None

# **SECTION 3: Composition/information on ingredients**

## Ingredients:

Ingredients:

according to 29CFR1910/1200 and GHS Rev. 3

## Initial preparation date: : 02.08.2015

Sand, Fine White, Ottawa				
CAS 14808-60-7	Silicon dioxide	100 %		
		Percentages are by weight		

## **SECTION 4: First aid measures**

### **Description of first aid measures**

## After inhalation:

Move exposed to fresh air. Give artificial respiration if necessary. If breathing is difficult give oxygen. Loosen clothing and place exposed in a comfortable position. Seek medical assistance if cough or other symptoms appear.

## After skin contact:

Wash hands and exposed skin with soap and plenty of water. Seek medical attention if irritation persists or if concerned.

## After eye contact:

Protect unexposed eye. Flush exposed eye gently using water for 15-20 minutes. Remove contact lenses, if present and easy to do, and continue rinsing. Seek medical attention if irritation persists or concerned.

### After swallowing:

Rinse mouth with water. Do not induce vomiting. Never give anything by mouth to an unconscious person. Seek medical attention if irritation, discomfort, or vomiting persists.

## Most important symptoms and effects, both acute and delayed:

Irritation. Shortness of breath. Headache. Nausea. Dizziness. Lung cancer; Pulmonary fibrosis; Suspected human carcinogen.

### Indication of any immediate medical attention and special treatment needed:

If seeking medical attention provide SDS document to physician. Physician should treat symptomatically.

### **SECTION 5: Firefighting measures**

### **Extinguishing media**

## Suitable extinguishing agents:

Use water, dry chemical, chemical foam, carbon dioxide, or alcohol-resistant foam.

### Unsuitable extinguishing agents: None

# Special hazards arising from the substance or mixture:

Combustible dusts formation is a risk. Thermal decomposition can lead to release of irritating gases and vapors.

### Advice for firefighters:

### **Protective equipment:**

Wear protective eyeware, gloves, and clothing. Refer to Section 8.

## Additional information (precautions):

Avoid dust generation. Avoid inhaling gases, fumes, dust, mist, vapor, and aerosols. Avoid contact with skin, eyes and clothing.

### **SECTION 6: Accidental release measures**

### Personal precautions, protective equipment and emergency procedures:

Ensure adequate ventilation. Ensure that air-handling systems are operational.

### **Environmental precautions:**

Should not be released into environment. Prevent from reaching drains, sewer, or waterway.

## Methods and material for containment and cleaning up:

according to 29CFR1910/1200 and GHS Rev. 3

## **Initial preparation date:** : 02.08.2015

## Sand, Fine White, Ottawa

Sweep up and shovel. Wear protective eyeware, gloves, and clothing. Always obey local regulations. If necessary use trained response staff or contractor. Evacuate personnel to safe areas. Containerize for disposal. Refer to Section 13. Keep in suitable closed containers for disposal. Refer to Section 8.

## Reference to other sections: None

## **SECTION 7: Handling and storage**

## Precautions for safe handling:

Avoid dust generation. Combustible dusts formation is a risk. Avoid contact with skin, eyes and clothing. Follow good hygiene procedures when handling chemical materials. Refer to Section 8. Follow proper disposal methods. Do not eat, drink, smoke, or use personal products when handling chemical substances. Refer to Section 13.

## Conditions for safe storage, including any incompatibilities:

Store in a cool location. Keep away from food and beverages. Protect from freezing and physical damage. Provide ventilation for containers. Keep container tightly sealed. Store away from incompatible materials.

## **SECTION 8: Exposure controls/personal protection**

Control parameters:	14808-60-7 , Quartz , TWA 0.025000 mg/m <sup>3</sup> USA. ACGIH. 14808-60-7, Quartz, TWA 30.000000 mg/m 3 / %SiO2+2 USA. OSHA. 14808-60-7 , Quartz , TWA 0.050000 mg/m <sup>3</sup> USA. NIOSH. 14808-60-7 , Quartz , TWA 0.050000 mg/m3 USA. NIOSH.
Appropriate engineering controls:	Emergency eye wash fountains and safety showers should be available in the immediate vicinity of use or handling. Provide exhaust ventilation or other engineering controls to keep the airborne concentrations of vapor and mists below the applicable workplace exposure limits (Occupational Exposure Limits-OELs) indicated above.
Respiratory protection:	Not required under normal conditions of use. Where risk assessment shows air-purifying respirators are appropriate use a full-face particle respirator type N100 (US) or type P3 (EN 143) respirator cartridges as a backup to engineering controls. When necessary use NIOSH approved breathing equipment.
Protection of skin:	Select glove material impermeable and resistant to the substance. Select glove material based on rates of diffusion and degradation. Dispose of contaminated gloves after use in accordance with applicable laws and good laboratory practices. Use proper glove removal technique without touching outer surface. Avoid skin contact with used gloves. Wear protective clothing.
Eye protection:	Wear equipment for eye protection tested and approved under appropriate government standards such as NIOSH (US) or EN 166(EU). Safety glasses or goggles are appropriate eye protection.
General hygienic measures:	Perform routine housekeeping. Wash hands before breaks and immediately after handling the product. Avoid contact with skin, eyes and clothing. Before re-wearing, wash contaminated clothing.

### **SECTION 9: Physical and chemical properties**

Appearance (physical	White, beige powder	•	Not determined
state, color):		Explosion limit upper:	Not determined

according to 29CFR1910/1200 and GHS Rev. 3

Initial preparation date: : 02.08.2015

Sand, Fine White, Ottawa				
Odor:	Odorless	Vapor pressure at 20°C:	Not determined	
Odor threshold:	Not determined	Vapor density:	Not determined	
pH-value:	5 - 8 at 400 g/l at 20°C	Relative density:	Not determined	
Melting/Freezing point:	1610°C / 2930°F	Solubilities:	Insoluble in water	
Boiling point/Boiling range:	17730°( //10/16°E	Partition coefficient (n- octanol/water):	Not determined	
Flash point (closed cup):	Not determined	Auto/Self-ignition temperature:	Not determined	
Evaporation rate:	Not determined	Decomposition temperature:	Not determined	
Flammability (solid, gaseous):	Not determined	Viscosity:	a. Kinematic: Not determined b. Dynamic: Not determined	
Density at 20°C:	Not determined			

## **SECTION 10: Stability and reactivity**

#### **Reactivity:**

Nonreactive under normal conditions.

## **Chemical stability:**

Stable under normal conditions.

#### Possible hazardous reactions:

None under normal processing.

### **Conditions to avoid:**

Incompatible materials.

## Incompatible materials:

Hydrogen fluoride.

## Hazardous decomposition products:

silicon oxides.

## **SECTION 11: Toxicological information**

### Acute Toxicity: None

Chronic Toxicity: No additional information.
Skin corrosion/irritation: No additional information.
Serious eye damage/irritation: No additional information.
Respiratory or skin sensitization: No additional information.
Carcinogenicity: No additional information.

Germ cell mutagenicity: No additional information. Reproductive Toxicity: No additional information. STOT-single and repeated exposure: No additional information. Additional toxicological information:

No additional information.

#### **SECTION 12: Ecological information**

**Ecotoxicity:** No additional information. **Persistence and degradability**: No additional information.

according to 29CFR1910/1200 and GHS Rev. 3

Initial preparation date: : 02.08.2015

## Sand, Fine White, Ottawa

**Bioaccumulative potential**: No additional information. **Mobility in soil**: No additional information. **Other adverse effects**: No additional information.

## **SECTION 13: Disposal considerations**

#### Waste disposal recommendations:

Dissolve or mix the material with a combustible solvent and burn in a chemical incinerator equipped with an afterburner and scrubber. Contact a licensed professional waste disposal service to dispose of this material. Dispose of empty containers as unused product. Product or containers must not be disposed together with household garbage. It is the responsibility of the waste generator to properly characterize all waste materials according to applicable regulatory entities (US 40CFR262.11). Chemical waste generators must determine whether a discarded chemical is classified as a hazardous waste. Chemical waste generators must also consult local, regional, and national hazardous waste regulations. Ensure complete and accurate classification.

## **SECTION 14: Transport information**

#### US DOT

UN Number: ADR, ADN, DOT, IMDG, IATA

#### **Limited Quantity Exception:**

**Bulk:** 

RQ (if applicable): None Proper shipping Name: Not Regulated. Hazard Class: None Packing Group: Not Regulated. Marine Pollutant (if applicable): No additional information. Comments: None Not Regulated

None

Non Bulk: RQ (if applicable): None Proper shipping Name: Not Regulated. Hazard Class: None Packing Group: Not Regulated. Marine Pollutant (if applicable): No additional information. Comments: None

#### **SECTION 15: Regulatory information**

#### **United States (USA)**

SARA Section 311/312 (Specific toxic chemical listings):

None of the ingredients are listed.

### SARA Section 313 (Specific toxic chemical listings):

None of the ingredients are listed.

#### RCRA (hazardous waste code):

None of the ingredients are listed.

## TSCA (Toxic Substances Control Act) :

All ingredients are listed.

# CERCLA (Comprehensive Environmental Response, Compensation, and Liability Act):

None of the ingredients are listed.

## Proposition 65 (California):

according to 29CFR1910/1200 and GHS Rev. 3

Initial preparation date: : 02.08.2015

#### Sand, Fine White, Ottawa

## Chemicals known to cause cancer:

None of the ingredients are listed.

## Chemicals known to cause reproductive toxicity for females:

None of the ingredients are listed.

## Chemicals known to cause reproductive toxicity for males:

None of the ingredients are listed.

## Chemicals known to cause developmental toxicity:

None of the ingredients are listed.

#### Canada

#### Canadian Domestic Substances List (DSL) :

All ingredients are listed.

#### **SECTION 16: Other information**

This product has been classified in accordance with hazard criteria of the Controlled Products Regulations and the SDS contains all the information required by the Controlled Products Regulations. Note. The responsibility to provide a safe workplace remains with the user. The user should consider the health hazards and safety information contained herein as a guide and should take those precautions required in an individual operation to instruct employees and develop work practice procedures for a safe work environment. The information contained herein is, to the best of our knowledge and belief, accurate. However, since the conditions of handling and use are beyond our control, we make no guarantee of results, and assume no liability for damages incurred by the use of this material. It is the responsibility of the user to comply with all applicable laws and regulations applicable to this material.
