Revision: February 14, 2020

1 Identification
· Product identifier
 Trade name: <u>Barium Chloride, Dihydrate</u> Product code: S25187A CAS Number: 10361-37-2
 Recommended use and restriction on use Recommended use: Laboratory chemicals Restrictions on use: No relevant information available.
 Details of the supplier of the Safety Data Sheet Manufacturer/Supplier: AquaPhoenix Scientific, Inc. 860 Gitts Run Road Hanover, PA 17331 Phone: (717)632-1291 Toll-Free: (866)632-1291 info@aquaphoenixsci.com Distributor: Fisher Science Education 6771 Silver Crest Road, Nazareth, PA 18064 (800) 955-1177
 Emergency telephone number: ChemTel Inc. (800)255-3924 (North America) +1 (813)248-0585 (International)
2 Hazard(s) identification
 Classification of the substance or mixture Acute Tox. 3 H301 Toxic if swallowed. Acute Tox. 4 H332 Harmful if inhaled. Eye Irrit. 2A H319 Causes serious eye irritation.
 Label elements GHS label elements The product is classified and labeled according to the Globally Harmonized System (GHS). Hazard pictograms:
GHS06 GHS07
· Signal word: Danger

· Hazard statements: H301 Toxic if swallowed. H332 Harmful if inhaled. H319 Causes serious eye irritation. Precautionary statements:

(Cont'd. on page 2)

according to OSHA HCS (29CFR 1910.1200) and WHMIS 2015 Regulations

Revision: February 14, 2020

Trade name: Barium Chloride, Dihydrate

(Cont'd. of page 1)

P261	Avoid breathing dust.
P264	Wash thoroughly after handling.
P270	Do not eat, drink or smoke when using this product.
P271	Use only outdoors or in a well-ventilated area.
P280	Wear protective gloves/protective clothing/eye protection/face protection.
P301+P310	If swallowed: Immediately call a poison center/doctor.
P330	Rinse mouth.
P304+P340	IF INHALED: Remove person to fresh air and keep comfortable for breathing.
P305+P351+P338	IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if
	present and easy to do. Continue rinsing.
P312	Call a poison center/doctor if you feel unwell.
P337+P313	If eye irritation persists: Get medical advice/attention.
P405	Store locked up.
P501	Dispose of contents/container in accordance with local/regional/national/international regulations.
Other hazards 1	There are no other hazards not otherwise classified that have been identified

3 Composition/information on ingredients

[•] Chemical characterization: Substances

· CAS No. Description

10361-37-2 Barium Chloride

· Additional information:

For the listed ingredient(s), the identity and/or exact percentage(s) are being withheld as a trade secret. For the wording of the listed Hazard Statements, refer to section 16.

4 First-aid measures

[•] Description of first aid measures

· General information:

In case of irregular breathing or respiratory arrest provide artificial respiration. Take affected persons out into the fresh air.
After inhalation: Supply fresh air; consult doctor in case of complaints.
After skin contact: Brush off loose particles from skin. Immediately wash with water and soap and rinse thoroughly. If skin irritation continues, consult a doctor.
After eye contact: Remove contact lenses if worn. Rinse opened eye for several minutes under running water. Then consult a doctor.
After swallowing: Rinse out mouth and then drink plenty of water.

Do not induce vomiting; immediately call for medical help.

Most important symptoms and effects, both acute and delayed:

Nausea in case of ingestion.

Causes eye irritation.

Gastric or intestinal disorders when ingested.

Danger:

(Cont'd. on page 3)

according to OSHA HCS (29CFR 1910.1200) and WHMIS 2015 Regulations

Revision: February 14, 2020

Trade name: Barium Chloride, Dihydrate

(Cont'd. of page 2)

Harmful if inhaled. Toxic if swallowed.

Danger of disturbed cardiac rhythm.

Indication of any immediate medical attention and special treatment needed:

Medical supervision for at least 48 hours.

If necessary oxygen respiration treatment.

If medical advice is needed, have product container or label at hand.

5 Fire-fighting measures

• Extinguishing media

· Suitable extinguishing agents: Use fire fighting measures that suit the environment.

- For safety reasons unsuitable extinguishing agents: No relevant information available.
- · Special hazards arising from the substance or mixture
- During heating or in case of fire poisonous gases are produced.

Advice for firefighters

Protective equipment:

Wear self-contained respiratory protective device.

Wear fully protective suit.

6 Accidental release measures

• Personal precautions, protective equipment and emergency procedures Ensure adequate ventilation.

Wear protective clothing.

For large spills, use respiratory protective device against the effects of fumes/dust/aerosol.

Environmental precautions

Do not allow undiluted product or large quantities of it to reach ground water, water course or sewage system.

Methods and material for containment and cleaning up

Pick up mechanically.

Send for recovery or disposal in suitable receptacles.

Reference to other sections

See Section 7 for information on safe handling.

See Section 8 for information on personal protection equipment.

See Section 13 for disposal information.

7 Handling and storage

· Handling

· Precautions for safe handling:

Use only in well ventilated areas.

Prevent formation of dust.

Any deposit of dust which cannot be avoided must be regularly removed.

Do not dry clean dust covered objects and floors. Wash thoroughly with plenty of water.

· Information about protection against explosions and fires: No special measures required.

Conditions for safe storage, including any incompatibilities

(Cont'd. on page 4)

according to OSHA HCS (29CFR 1910.1200) and WHMIS 2015 Regulations

Revision: February 14, 2020

Trade name: Barium Chloride, Dihydrate

(Cont'd. of page 3)

 Requirements to be met by storerooms and receptacles: No special requirements.
 Information about storage in one common storage facility: Store away from foodstuffs.

Do not store together with acids.

· Further information about storage conditions:

Keep containers tightly sealed.

Store in cool, dry conditions in well sealed receptacles.

• Specific end use(s) No relevant information available.

8 Exposure controls/personal protection

Control parameters

• Components with limit values that require monitoring at the workplace:

10361-37-2	barium	chloride
------------	--------	----------

PEL (USA)	Long-term value: 0.5 mg/m ³ as Ba
REL (USA)	Long-term value: 0.5 mg/m³ as Ba
TLV (USA)	Long-term value: 0.5 mg/m³ as Ba
EL (Canada)	Long-term value: 0.5 mg/m³ as Ba
LMPE (Mexico)	Long-term value: 0.5 mg/m³ A4; como Ba

• Exposure controls

· General protective and hygienic measures:

The usual precautionary measures for handling chemicals should be followed.

Keep away from foodstuffs, beverages and feed.

Wash hands before breaks and at the end of work.

Do not inhale gases / fumes / aerosols.

Avoid contact with the eyes and skin.

• Engineering controls: Provide adequate ventilation.

· Breathing equipment:

Not required under normal conditions of use.

Use suitable respiratory protective device when high concentrations are present.

· Protection of hands:

Protective gloves

Material of gloves

Butyl rubber, BR Fluorocarbon rubber (Viton) Natural rubber, NR Nitrile rubber, NBR Neoprene gloves Sensibilization by the components in the glove materials is possible.

(Cont'd. on page 5)

(Cont'd. of page 4)

Safety Data Sheet

according to OSHA HCS (29CFR 1910.1200) and WHMIS 2015 Regulations

Revision: February 14, 2020

Trade name: Barium Chloride, Dihydrate

· Penetration time of glove material

The exact break through time has to be found out by the manufacturer of the protective gloves and has to be observed.

Eye protection:

Safety glasses

Follow relevant national guidelines concerning the use of protective eyewear. • **Body protection:** Protective work clothing

Limitation and supervision of exposure into the environment

No relevant information available.

9 Physical and chemical properties Information on basic physical and chemical properties · Appearance: Form: Solid Color: Clear · Odor: Odorless · Odor threshold: Not determined. · pH-value: Not applicable. • Melting point/Melting range: Not determined. Boiling point/Boiling range: Not determined. · Flash point: The product is not flammable. · Flammability (solid, gaseous): Product is not flammable. Not determined. • Auto-ignition temperature: · Decomposition temperature: Not determined. • Danger of explosion: Product does not present an explosion hazard. · Explosion limits Lower: Not determined. Upper: Not determined. Oxidizing properties: Non-oxidizing. · Vapor pressure: Not determined. · Density: **Relative density:** Not determined. Vapor density: Not applicable. Evaporation rate: Not applicable. · Solubility in / Miscibility with Water: Fully miscible. · Partition coefficient (n-octanol/water): Not determined. · Viscosity (Cont'd. on page 6)

Skin contact. • Acute effects (acute toxicity, irritation and corrosivity):

Toxic if swallowed.

Harmful if inhaled.

Irritating to eyes.

• Repeated dose toxicity: No relevant information available.

• Germ cell mutagenicity: Based on available data, the classification criteria are not met.

• Carcinogenicity: Based on available data, the classification criteria are not met.

• **Reproductive toxicity:** Based on available data, the classification criteria are not met.

• STOT-single exposure: Based on available data, the classification criteria are not met.

· STOT-repeated exposure: Based on available data, the classification criteria are not met.

• Aspiration hazard: Based on available data, the classification criteria are not met.

12 Ecological information

[·] Toxicity

· Aquatic toxicity Toxic for aquatic organisms

· Persistence and degradability No relevant information available.

· Bioaccumulative potential: No relevant information available.

• Mobility in soil: No relevant information available.

Ecotoxical effects:

· Remark: Toxic for fish

· Additional ecological information

· General notes:

Do not allow undiluted product or large quantities of it to reach ground water, water course or sewage system.

Toxic for aquatic organisms

Other adverse effects No relevant information available.

13 Disposal considerations

[·] Waste treatment methods

· Recommendation:

Must not be disposed of together with household garbage. Do not allow product to reach sewage system. The user of this material has the responsibility to dispose of unused material, residues and containers in compliance with all relevant local, state and federal laws and regulations regarding treatment, storage and disposal for hazardous and nonhazardous wastes.

[·] Uncleaned packagings

• Recommendation: Disposal must be made according to official regulations.
