| 2 Hazard(s) identification  |  |

The product is not classified as hazardous according to the Globally Harmonized System (GHS).

- · Label elements
- The product is not classified as hazardous according to OSHA GHS regulations within the United States.
- · GHS label elements Not regulated.
- · Hazard pictograms: None.
- · Signal word: None
- · Hazard statements: None.
- · Precautionary statements: None.

· Other hazards There are no other hazards not otherwise classified that have been identified.

# 3 Composition/information on ingredients

#### · Chemical characterization: Mixtures

| · | Components: |  |
|---|-------------|--|
|---|-------------|--|

7732-18-5 Water

6528-53-6 1,3,6,8-Pyrenetetrasulfonic acid

#### · Additional information:

For the listed ingredient(s), the identity and/or exact percentage(s) are being withheld as a trade secret. (Cont'd. on page 2)

(Cont'd. of page 1)

# Safety Data Sheet

acc. to OSHA HCS (29CFR 1910.1200) and WHMIS 2015 Regulations

Printing date: November 29, 2018

Revision: November 29, 2018

Trade name: PTSA Standard, 200ppb

For the wording of the listed Hazard Statements, refer to section 16.

## 4 First-aid measures

- <sup>•</sup> Description of first aid measures
- · General information: No special measures required.
- · After inhalation: Supply fresh air; consult doctor in case of complaints.
- · After skin contact:
- Immediately rinse with water.
- If skin irritation is experienced, consult a doctor.
- · After eye contact:
- Remove contact lenses if worn.

Rinse opened eye for several minutes under running water. If symptoms persist, consult a doctor.

After swallowing:

Rinse out mouth and then drink plenty of water.

Do not induce vomiting; immediately call for medical help.

- Most important symptoms and effects, both acute and delayed: Gastric or intestinal disorders when ingested. Nausea in case of ingestion.
- Danger: No relevant information available.
- · Indication of any immediate medical attention and special treatment needed:
- If medical advice is needed, have product container or label at hand.

## **5 Fire-fighting measures**

- Extinguishing media
- · Suitable extinguishing agents: Use fire fighting measures that suit the environment.
- · For safety reasons unsuitable extinguishing agents: No relevant information available.
- · Special hazards arising from the substance or mixture
- Formation of toxic gases is possible during heating or in case of fire.
- Advice for firefighters
- · Protective equipment:

Wear self-contained respiratory protective device.

Wear fully protective suit.

## 6 Accidental release measures

- Personal precautions, protective equipment and emergency procedures Ensure adequate ventilation.
- **Environmental precautions**

Do not allow undiluted product or large quantities of it to reach ground water, water course or sewage system.

Methods and material for containment and cleaning up

Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust). Dispose of the collected material according to regulations.

### · Reference to other sections

See Section 7 for information on safe handling.

(Cont'd. on page 3)

#### acc. to OSHA HCS (29CFR 1910.1200) and WHMIS 2015 Regulations

Printing date: November 29, 2018

Revision: November 29, 2018

Trade name: PTSA Standard, 200ppb

(Cont'd. of page 2)

See Section 8 for information on personal protection equipment. See Section 13 for disposal information.

## 7 Handling and storage

· Handling

- · Precautions for safe handling:
- Use only in well ventilated areas.

Avoid splashes or spray in enclosed areas.

Prevent formation of aerosols.

· Information about protection against explosions and fires: No special measures required.

## <sup>•</sup> Conditions for safe storage, including any incompatibilities

• Requirements to be met by storerooms and receptacles: Store in a cool location.

- · Information about storage in one common storage facility: Store away from foodstuffs.
- · Further information about storage conditions: Keep containers tightly sealed.
- · Specific end use(s) No relevant information available.

## 8 Exposure controls/personal protection

### <sup>.</sup> Control parameters

Components with limit values that require monitoring at the workplace:

The product does not contain any relevant quantities of materials with critical values that have to be monitored at the workplace.

### • Exposure controls

· General protective and hygienic measures:

The usual precautionary measures for handling chemicals should be followed.

Keep away from foodstuffs, beverages and feed.

- Wash hands before breaks and at the end of work.
- · Engineering controls: Provide adequate ventilation.
- · Breathing equipment: Not required under normal conditions of use.
- Protection of hands: Gloves not required under normal conditions of use.
- · Material of gloves

Butyl rubber, BR Natural rubber, NR Fluorocarbon rubber (Viton) Nitrile rubber, NBR

- Neoprene gloves
- Penetration time of glove material

The exact break through time has to be found out by the manufacturer of the protective gloves and has to be observed.

· Eye protection:

Safety glasses

Follow relevant national guidelines concerning the use of protective eyewear.

· Body protection: Not required under normal conditions of use.

(Cont'd. on page 4)

acc. to OSHA HCS (29CFR 1910.1200) and WHMIS 2015 Regulations

Printing date: November 29, 2018

Revision: November 29, 2018

Trade name: PTSA Standard, 200ppb

(Cont'd. of page 3)

## · Limitation and supervision of exposure into the environment No special requirements. · Risk management measures No special requirements.

## 10 Stability and reactivity

· Reactivity: No relevant information available.

· Chemical stability: Stable under normal temperatures and pressures.

(Cont'd. on page 5)

### acc. to OSHA HCS (29CFR 1910.1200) and WHMIS 2015 Regulations

Printing date: November 29, 2018

Revision: November 29, 2018

### Trade name: PTSA Standard, 200ppb

(Cont'd. of page 4)

- Thermal decomposition / conditions to be avoided: No decomposition if used and stored according to specifications.
- Possibility of hazardous reactions
   Toxic fumes may be released if heated above the decomposition point.
- · Conditions to avoid Excessive heat.
- · Incompatible materials Metals.
- Hazardous decomposition products
   Under fire conditions only:
   Carbon monoxide and carbon dioxide

## 11 Toxicological information

- <sup>•</sup> Information on toxicological effects
- · Acute toxicity:
- · LD/LC50 values that are relevant for classification: None.
- · Primary irritant effect:
- · On the skin: Based on available data, the classification criteria are not met.
- · On the eye: Based on available data, the classification criteria are not met.
- Sensitization: Based on available data, the classification criteria are not met.

#### · IARC (International Agency for Research on Cancer):

None of the ingredients are listed.

#### · NTP (National Toxicology Program):

None of the ingredients are listed.

#### · OSHA-Ca (Occupational Safety & Health Administration):

None of the ingredients are listed.

### · Probable route(s) of exposure:

Ingestion.

Inhalation.

Eye contact.

Skin contact.

- Acute effects (acute toxicity, irritation and corrosivity): No relevant information available.
- · Repeated dose toxicity: No relevant information available.
- Germ cell mutagenicity: Based on available data, the classification criteria are not met.
- · Carcinogenicity: Based on available data, the classification criteria are not met.
- Reproductive toxicity: Based on available data, the classification criteria are not met.
- **STOT-single exposure:** Based on available data, the classification criteria are not met.
- STOT-repeated exposure: Based on available data, the classification criteria are not met.
- Aspiration hazard: Based on available data, the classification criteria are not met.

### **12 Ecological information**

- · Toxicity
- · Aquatic toxicity No relevant information available.
- Persistence and degradability No relevant information available.
- · Bioaccumulative potential: No relevant information available.
- Mobility in soil: No relevant information available.

(Cont'd. on page 6)

## acc. to OSHA HCS (29CFR 1910.1200) and WHMIS 2015 Regulations

Printing date: November 29, 2018

Revision: November 29, 2018

Trade name: PTSA Standard, 200ppb

(Cont'd. of page 5)

## <sup>•</sup> Additional ecological information

· General notes:

Generally not hazardous for water.

Do not allow undiluted product or large quantities of it to reach ground water, water course or sewage system.

- <sup>•</sup> Results of PBT and vPvB assessment
- · PBT: Not applicable.
- · vPvB: Not applicable.

· Other adverse effects No relevant information available.

## 13 Disposal considerations

### <sup>.</sup> Waste treatment methods

#### · Recommendation:

Must not be disposed of together with household garbage. Do not allow product to reach sewage system. The user of this material has the responsibility to dispose of unused material, residues and containers in compliance with all relevant local, state and federal laws and regulations regarding treatment, storage and disposal for hazardous and nonhazardous wastes.

### Uncleaned packagings

• **Recommendation:** Disposal must be made according to official regulations.
