

# Safety Data Sheet

## SC4261SS

Version number: 1.4

Date of compilation: 2026-01-06

### SECTION 1: Identification

#### 1.1 Product identifier

Trade name **Sodium Chromate, 6.1% w/v**  
SDS Identifier SC4261SS

#### 1.2 Relevant identified uses of the substance or mixture and uses advised against

Relevant identified uses laboratory and analytical use

#### 1.3 Details of the supplier of the safety data sheet

AquaPhoenix Scientific  
860 Gitts Run Road  
Hanover PA 17331  
United States

Telephone: (866) 632-1291  
e-mail: [info@aquaphoenixsci.com](mailto:info@aquaphoenixsci.com)  
Website: <https://www.aquaphoenixsci.com/>

#### 1.4 Emergency telephone number

Emergency information service ChemTel Inc.: 1-800-255-3924, +01-813-248-0585

### SECTION 2: Hazard(s) identification

#### 2.1 Classification of the substance or mixture

Classification acc. to OSHA "Hazard Communication Standard" (29 CFR 1910.1200, Rev. 2024)

| Hazard class                                       | Category | Hazard class and category | Hazard statement |
|----------------------------------------------------|----------|---------------------------|------------------|
| acute toxicity (oral)                              | 4        | Acute Tox. 4              | H302             |
| skin corrosion/irritation                          | 1        | Skin Corr. 1              | H314             |
| serious eye damage/eye irritation                  | 1        | Eye Dam. 1                | H318             |
| respiratory sensitization                          | 1        | Resp. Sens. 1             | H334             |
| skin sensitization                                 | 1        | Skin Sens. 1              | H317             |
| germ cell mutagenicity                             | 1A       | Muta. 1A                  | H340             |
| carcinogenicity                                    | 1A       | Carc. 1A                  | H350             |
| reproductive toxicity                              | 1A       | Repr. 1A                  | H360             |
| specific target organ toxicity - repeated exposure | 2        | STOT RE 2                 | H373             |

For full text of abbreviations: see SECTION 16.

The most important adverse physicochemical, human health and environmental effects

Skin corrosion produces an irreversible damage to the skin; namely, visible necrosis through the epidermis and into the dermis. Delayed or immediate effects can be expected after short or long-term exposure.

#### 2.2 Label elements

Labelling acc. to OSHA "Hazard Communication Standard" (29 CFR 1910.1200, Rev. 2024)

- Signal word danger

# Safety Data Sheet

## SC4261SS

Version number: 1.4

Date of compilation: 2026-01-06

### - Pictograms

GHS05, GHS07, GHS08

### - Hazard statements

|      |                                                                            |
|------|----------------------------------------------------------------------------|
| H302 | Harmful if swallowed.                                                      |
| H314 | Causes severe skin burns and eye damage.                                   |
| H317 | May cause an allergic skin reaction.                                       |
| H334 | May cause allergy or asthma symptoms or breathing difficulties if inhaled. |
| H340 | May cause genetic defects.                                                 |
| H350 | May cause cancer.                                                          |
| H360 | May damage fertility or the unborn child.                                  |
| H373 | May cause damage to organs through prolonged or repeated exposure.         |

### - Precautionary statements

|                |                                                                                                                                   |
|----------------|-----------------------------------------------------------------------------------------------------------------------------------|
| P203           | Obtain, read and follow all safety instructions before use.                                                                       |
| P233           | Keep container tightly closed.                                                                                                    |
| P260           | Do not breathe dusts or mists.                                                                                                    |
| P264+P265      | Wash hands thoroughly after handling. Do not touch eyes.                                                                          |
| P270           | Do not eat, drink or smoke when using this product.                                                                               |
| P271           | Use only outdoors or with adequate ventilation.                                                                                   |
| P272           | Contaminated work clothing should not be allowed out of the workplace.                                                            |
| P280           | Wear protective gloves/protective clothing/eye protection/face protection/hearing protection.                                     |
| P284           | In case of inadequate ventilation wear respiratory protection.                                                                    |
| P301+P317      | IF SWALLOWED: Get medical help.                                                                                                   |
| P301+P330+P331 | IF SWALLOWED: Rinse mouth. Do NOT induce vomiting.                                                                                |
| P302+P352      | IF ON SKIN: Wash with plenty of water.                                                                                            |
| P302+P361+P354 | IF ON SKIN: Take off immediately all contaminated clothing. Immediately rinse with water for several minutes.                     |
| P304+P340      | IF INHALED: Remove person to fresh air and keep comfortable for breathing.                                                        |
| P305+P354+P338 | IF IN EYES: Immediately rinse with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. |
| P318           | IF exposed or concerned, get medical advice.                                                                                      |
| P321           | Specific treatment (see on this label).                                                                                           |
| P333+P317      | If skin irritation or rash occurs: Get medical help.                                                                              |
| P342+P316      | If experiencing respiratory symptoms: Get emergency medical help immediately.                                                     |
| P362+P364      | Take off contaminated clothing and wash it before reuse.                                                                          |
| P363           | Wash contaminated clothing before reuse.                                                                                          |
| P403           | Store in a well-ventilated place.                                                                                                 |
| P405           | Store locked up.                                                                                                                  |
| P501           | Dispose of contents/container in accordance with local/regional/national/international regulations.                               |

### - Hazardous ingredients for labelling

Sodium Chromate, Tetrahydrate

## 2.3 Other hazards

#### Results of PBT and vPvB assessment

Does not contain a PBT-/vPvB-substance at a concentration of  $\geq 0.1\%$ .

#### Endocrine disrupting properties

Does not contain an endocrine disruptor (ED) in a concentration of  $\geq 0.1\%$ .

# Safety Data Sheet

## SC4261SS

Version number: 1.4

Date of compilation: 2026-01-06

### SECTION 3: Composition/information on ingredients

#### 3.1 Substances

Not relevant (mixture)

#### 3.2 Mixtures

Description of the mixture

#### Remarks

For full text of abbreviations: see SECTION 16

### SECTION 4: First-aid measures

#### 4.1 Description of first-aid measures

##### General notes

Do not leave affected person unattended. Remove victim out of the danger area. Keep affected person warm, still and covered. Take off immediately all contaminated clothing. In all cases of doubt, or when symptoms persist, seek medical advice. In case of unconsciousness place person in the recovery position. Never give anything by mouth.

##### Following inhalation

If breathing is irregular or stopped, immediately seek medical assistance and start first aid actions. In case of respiratory tract irritation, consult a physician. Provide fresh air.

##### Following skin contact

Wash with plenty of soap and water.

##### Following eye contact

Remove contact lenses, if present and easy to do. Continue rinsing. Irrigate copiously with clean, fresh water for at least 10 minutes, holding the eyelids apart.

##### Following ingestion

Rinse mouth with water (only if the person is conscious). Do NOT induce vomiting.

#### 4.2 Most important symptoms and effects, both acute and delayed

Symptoms and effects are not known to date.

#### 4.3 Indication of any immediate medical attention and special treatment needed

Medical attention may be necessary if the product gets into the eyes or on the skin.

### SECTION 5: Fire-fighting measures

#### 5.1 Extinguishing media

# Safety Data Sheet

## SC4261SS

Version number: 1.4

Date of compilation: 2026-01-06

Suitable extinguishing media

Water spray, BC-powder, Carbon dioxide (CO<sub>2</sub>)

Unsuitable extinguishing media

Water jet

### 5.2 Special hazards arising from the substance or mixture

Hazardous combustion products

Carbon monoxide (CO), Carbon dioxide (CO<sub>2</sub>)

### 5.3 Advice for firefighters

In case of fire and/or explosion do not breathe fumes. Coordinate firefighting measures to the fire surroundings. Do not allow firefighting water to enter drains or water courses. Collect contaminated firefighting water separately. Fight fire with normal precautions from a reasonable distance.

## SECTION 6: Accidental release measures

### 6.1 Personal precautions, protective equipment and emergency procedures

For non-emergency personnel

Remove persons to safety.

For emergency responders

Wear breathing apparatus if exposed to vapors/dust/aerosols/gases.

### 6.2 Environmental precautions

Keep away from drains, surface and ground water. Retain contaminated washing water and dispose of it.

### 6.3 Methods and material for containment and cleaning up

Advice on how to contain a spill

Covering of drains

Advice on how to clean up a spill

Wipe up with absorbent material (e.g. cloth, fleece). Collect spillage: sawdust, kieselgur (diatomite), sand, universal binder

Appropriate containment techniques

Use of adsorbent materials.

Other information relating to spills and releases

Place in appropriate containers for disposal. Ventilate affected area.

### 6.4 Reference to other sections

Hazardous combustion products: see section 5. Personal protective equipment: see section 8. Incompatible materials: see section 10. Disposal considerations: see section 13.

## SECTION 7: Handling and storage

### 7.1 Precautions for safe handling

Recommendations

Wear impact- and splash-resistant eyewear.

- Measures to prevent fire as well as aerosol and dust generation

Use local and general ventilation. Use only in well-ventilated areas.

Advice on general occupational hygiene

Wash hands after use. Do not eat, drink and smoke in work areas. Remove contaminated clothing and protective equipment before entering eating areas. Never keep food or drink in the vicinity of chemicals. Never place chemicals in containers that are normally used for food or drink. Keep away from food, drink and animal feedingstuffs.

### 7.2 Conditions for safe storage, including any incompatibilities

# Safety Data Sheet

## SC4261SS

Version number: 1.4

Date of compilation: 2026-01-06

Control of the effects

Protect against external exposure, such as  
heat, high temperatures, light, UV-radiation/sunlight

### SECTION 8: Exposure controls/personal protection

#### 8.1 Control parameters

Occupational exposure limit values (Workplace Exposure Limits)  
this information is not available

#### 8.2 Exposure controls

Appropriate engineering controls

General ventilation.

Individual protection measures (personal protective equipment)

Eye/face protection

Wear eye/face protection.

Skin protection

- Hand protection

Wear suitable gloves. Chemical protection gloves are suitable, which are tested according to EN 374. Recommended: Disposable neoprene gloves, 0.1 - 0.2 mm thick, 15-120 minute breakthrough times. Check leak-tightness/impermeability prior to use. In the case of wanting to use the gloves again, clean them before taking off and air them well. For special purposes, it is recommended to check the resistance to chemicals of the protective gloves mentioned above together with the supplier of these gloves.

- Other protection measures

Wash hands thoroughly after handling.

Respiratory protection

In case of inadequate ventilation wear respiratory protection.

Environmental exposure controls

Use appropriate container to avoid environmental contamination. Keep away from drains, surface and ground water.

### SECTION 9: Physical and chemical properties

#### 9.1 Information on basic physical and chemical properties

**Product description:** See website or catalog for details.

|                                                          |                 |
|----------------------------------------------------------|-----------------|
| Physical state                                           | liquid          |
| Color                                                    | yellow          |
| Odor                                                     | odorless        |
| Melting point/freezing point                             | not determined  |
| Boiling point or initial boiling point and boiling range | 100 – 102 °C    |
| Evaporation rate                                         | not determined  |
| Flammability                                             | non-combustible |
| Lower and upper explosion limit                          | not determined  |

## SECTION 10: Stability and reactivity

### 10.1 Reactivity

Concerning incompatibility: see below "Conditions to avoid" and "Incompatible materials".

### 10.2 Chemical stability

See below "Conditions to avoid".

### 10.3 Possibility of hazardous reactions

No known hazardous reactions.

### 10.4 Conditions to avoid

There are no specific conditions known which have to be avoided.

### 10.5 Incompatible materials

Oxidizers

### 10.6 Hazardous decomposition products

Reasonably anticipated hazardous decomposition products produced as a result of use, storage, spill and heating are not known. Hazardous combustion products: see section 5.

## SECTION 11: Toxicological information

### 11.1 Information on toxicological effects

Test data are not available for the complete mixture.

# Safety Data Sheet

## SC4261SS

Version number: 1.4

Date of compilation: 2026-01-06

### Classification procedure

The method for classification of the mixture is based on ingredients of the mixture (additivity formula).

### Classification acc. to OSHA "Hazard Communication Standard" (29 CFR 1910.1200, Rev. 2024)

#### Acute toxicity

Harmful if swallowed.

#### - Acute toxicity estimate (ATE)

Oral 1,639 mg/kg

#### Acute toxicity estimate (ATE) of components

| Name of substance             | CAS No     | Exposure route        | ATE           |
|-------------------------------|------------|-----------------------|---------------|
| Sodium Chromate, Tetrahydrate | 10034-82-9 | oral                  | 100 mg/kg     |
| Sodium Chromate, Tetrahydrate | 10034-82-9 | dermal                | 1,100 mg/kg   |
| Sodium Chromate, Tetrahydrate | 10034-82-9 | inhalation: dust/mist | 0.005 mg/l/4h |

#### Skin corrosion/irritation

Causes severe skin burns and eye damage.

#### Serious eye damage/eye irritation

Causes serious eye damage.

#### Respiratory or skin sensitization

May cause allergy or asthma symptoms or breathing difficulties if inhaled. May cause an allergic skin reaction.

#### Germ cell mutagenicity

May cause genetic defects.

#### Carcinogenicity

May cause cancer.

#### IARC Monographs on the Evaluation of Carcinogenic Risks to Humans

| Name of substance             | CAS No     | Classification | Number |
|-------------------------------|------------|----------------|--------|
| Sodium Chromate, Tetrahydrate | 18540-29-9 | 1              |        |

#### Legend

1 Carcinogenic to humans

#### Reproductive toxicity

May damage the unborn child. May damage fertility.

#### Specific target organ toxicity - single exposure

Shall not be classified as a specific target organ toxicant (single exposure).

#### Specific target organ toxicity - repeated exposure

May cause damage to organs through prolonged or repeated exposure.

#### Aspiration hazard

Shall not be classified as presenting an aspiration hazard.

## 11.2 Information on other hazards

There is no additional information.

# Safety Data Sheet

## SC4261SS

Version number: 1.4

Date of compilation: 2026-01-06

### SECTION 12: Ecological information

#### 12.1 Toxicity

Shall not be classified as hazardous to the aquatic environment.

#### 12.2 Persistence and degradability

Data are not available.

#### 12.3 Bioaccumulative potential

Data are not available.

#### 12.4 Mobility in soil

Data are not available.

#### 12.5 Results of PBT and vPvB assessment

Does not contain a PBT-/vPvB-substance at a concentration of  $\geq 0.1\%$ .

#### 12.6 Endocrine disrupting properties

Does not contain an endocrine disruptor (ED) in a concentration of  $\geq 0.1\%$ .

#### 12.7 Other adverse effects

Data are not available.

### SECTION 13: Disposal considerations

#### 13.1 Waste treatment methods

Please consider the relevant national or regional provisions.

### SECTION 14: Transport information

- |      |                                                         |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |

| 14.5 | Environmental hazards                                   | non-environmentally hazardous acc. to the dangerous goods regulations                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |
| 14.6 | Other relevant information                              | Shipping container markings and labels, received from AquaPhoenix, may vary from the above information. Products that are regulated for transport will be packaged by AquaPhoenix as Dangerous Goods in Excepted Quantities according to IATA, US DOT, and IMDG regulations. AquaPhoenix may also elect to ship certain products as UN 3316 Chemical Kit, Hazard Class 9, Packing Group II or III. In case of reshipment, it is the responsibility of the shipper to determine appropriate labels and markings in accordance with applicable transportation regulations. |
| 14.7 | Maritime transport in bulk according to IMO instruments | The cargo is not intended to be carried in bulk.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |

#### Information for each of the UN Model Regulations

##### **Transport of dangerous goods by road or rail (49 CFR US DOT) - Additional information**

Not subject to transport regulations.

##### **International Maritime Dangerous Goods Code (IMDG) - Additional information**

Not subject to IMDG.

##### **International Civil Aviation Organization (ICAO-IATA/DGR) - Additional information**

# Safety Data Sheet

## SC4261SS

Version number: 1.4

Date of compilation: 2026-01-06

Not subject to ICAO-IATA.

### SECTION 15: Regulatory information

#### 15.1 Safety, health and environmental regulations specific for the product in question

##### National regulations (United States)

##### Toxic Substance Control Act (TSCA)

not all ingredients are listed (ACTIVE)

##### Superfund Amendment and Reauthorization Act (SARA TITLE III )

- The List of Extremely Hazardous Substances and Their Threshold Planning Quantities (EPCRA Section 302, 304)

none of the ingredients are listed

- Specific Toxic Chemical Listings (EPCRA Section 313)

##### Toxics Release Inventory: Specific Toxic Chemical Listings

| Name of substance             | CAS No | Remarks                                                                                                                                                                                                                                                                                                                   | Effective date |
|-------------------------------|--------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------|
| Sodium Chromate, Tetrahydrate |        | except for chromite ore mined in the Transvaal Region of South Africa and the unreacted ore component of the chromite ore processing residue (COPR). COPR is the solid waste remaining after aqueous extraction of oxidized chromite ore that has been combined with soda ash and kiln roasted at approximately 2,000 °F. | 1986-12-31     |

##### Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA)

- List of Hazardous Substances and Reportable Quantities (CERCLA section 102a) (40 CFR 302.4)

none of the ingredients are listed

##### Clean Air Act

none of the ingredients are listed

##### Right to Know Hazardous Substance List

- Hazardous Substance List (NJ-RTK)

| Name of substance             | CAS No | Remarks | Classifications |
|-------------------------------|--------|---------|-----------------|
| Sodium Chromate, Tetrahydrate |        |         | CA              |

##### Legend

CA Carcinogenic

##### California Environmental Protection Agency (Cal/EPA): Proposition 65 - Safe Drinking Water and Toxic Enforcement Act of 1987

##### Proposition 65 List of chemicals

| Name acc. to inventory | CAS No | Remarks | Type of the toxicity        |
|------------------------|--------|---------|-----------------------------|
| chromium(VI) compounds |        |         | cancer                      |
| chromium(VI) compounds |        |         | developmental, female, male |

Version number: 1.4

Date of compilation: 2026-01-06

### Legend

|           |                                                                   |
|-----------|-------------------------------------------------------------------|
| INSQ      | National Inventory of Chemical Substances                         |
| ISHA-ENCS | Inventory of Existing and New Chemical Substances (ISHA-ENCS)     |
| KECI      | Korea Existing Chemicals Inventory                                |
| NZIoC     | New Zealand Inventory of Chemicals                                |
| PICCS     | Philippine Inventory of Chemicals and Chemical Substances (PICCS) |
| TCSI      | Taiwan Chemical Substance Inventory                               |
| TSCA      | Toxic Substance Control Act                                       |

## 15.2 Chemical Safety Assessment

Chemical safety assessments for substances in this mixture were not carried out.

## SECTION 16: Other information, including date of preparation or last revision

### Abbreviations and acronyms

| Abbr.          | Descriptions of used abbreviations                                                                            |
|----------------|---------------------------------------------------------------------------------------------------------------|
| 49 CFR US DOT  | 49 CFR U.S. Department of Transportation                                                                      |
| Acute Tox.     | Acute toxicity                                                                                                |
| ATE            | Acute Toxicity Estimate                                                                                       |
| Carc.          | Carcinogenicity                                                                                               |
| CAS            | Chemical Abstracts Service (service that maintains the most comprehensive list of chemical substances)        |
| DGR            | Dangerous Goods Regulations (see IATA/DGR)                                                                    |
| ED             | Endocrine disruptor                                                                                           |
| EINECS         | European Inventory of Existing Commercial Chemical Substances                                                 |
| ELINCS         | European List of Notified Chemical Substances                                                                 |
| Eye Dam.       | Seriously damaging to the eye                                                                                 |
| Eye Irrit.     | Irritant to the eye                                                                                           |
| GHS            | "Globally Harmonized System of Classification and Labelling of Chemicals" developed by the United Nations     |
| IARC           | International Agency for Research on Cancer                                                                   |
| IATA           | International Air Transport Association                                                                       |
| IATA/DGR       | Dangerous Goods Regulations (DGR) for the air transport (IATA)                                                |
| ICAO           | International Civil Aviation Organization                                                                     |
| IMDG           | International Maritime Dangerous Goods Code                                                                   |
| Muta.          | Germ cell mutagenicity                                                                                        |
| NLP            | No-Longer Polymer                                                                                             |
| NPCA-HMIS® III | National Paint and Coatings Association: Hazardous Materials Identification System - HMIS® III, Third Edition |
| OSHA           | Occupational Safety and Health Administration (United States)                                                 |
| PBT            | Persistent, Bioaccumulative and Toxic                                                                         |
| Repr.          | Reproductive toxicity                                                                                         |
| Resp. Sens.    | Respiratory sensitization                                                                                     |
| RTECS          | Registry of Toxic Effects of Chemical Substances (database of NIOSH with toxicological information)           |
| Skin Corr.     | Corrosive to skin                                                                                             |

# Safety Data Sheet

## SC4261SS

Version number: 1.4

Date of compilation: 2026-01-06

| Abbr.       | Descriptions of used abbreviations                 |
|-------------|----------------------------------------------------|
| Skin Irrit. | Irritant to skin                                   |
| Skin Sens.  | Skin sensitization                                 |
| STOT RE     | Specific target organ toxicity - repeated exposure |
| STOT SE     | Specific target organ toxicity - single exposure   |
| vPvB        | Very Persistent and very Bioaccumulative           |

### Key literature references and sources for data

Globally Harmonized System of Classification and Labelling of Chemicals ("Purple book").  
Transport of dangerous goods by road or rail (49 CFR US DOT). International Maritime Dangerous Goods Code (IMDG).  
Dangerous Goods Regulations (DGR) for the air transport (IATA).

### Classification procedure

Physical and chemical properties: The classification is based on tested mixture.  
Health hazards, Environmental hazards: The method for classification of the mixture is based on ingredients of the mixture (additivity formula).

### List of relevant phrases (code and full text as stated in section 2 and 3)

| Code | Text                                                                       |
|------|----------------------------------------------------------------------------|
| H301 | Toxic if swallowed.                                                        |
| H302 | Harmful if swallowed.                                                      |
| H312 | Harmful in contact with skin.                                              |
| H314 | Causes severe skin burns and eye damage.                                   |
| H317 | May cause an allergic skin reaction.                                       |
| H318 | Causes serious eye damage.                                                 |
| H330 | Fatal if inhaled.                                                          |
| H334 | May cause allergy or asthma symptoms or breathing difficulties if inhaled. |
| H335 | May cause respiratory irritation.                                          |
| H340 | May cause genetic defects.                                                 |
| H350 | May cause cancer.                                                          |
| H360 | May damage fertility or the unborn child.                                  |
| H372 | Causes damage to organs through prolonged or repeated exposure.            |
| H373 | May cause damage to organs through prolonged or repeated exposure.         |
