# according to OSHA HCS (29CFR 1910.1200) and WHMIS 2015 Regulations

Revision: January 06, 2021

## **1** Identification

### · Product identifier

### · Trade name: Urine Sample, High Glucose

· Product code: US5097SS

### · Recommended use and restriction on use

· Recommended use: Laboratory chemicals

· Restrictions on use: No relevant information available.

# Details of the supplier of the Safety Data Sheet Manufacturer/Supplier: AquaPhoenix Scientific, Inc. 860 Gitts Run Road Hanover, PA 17331 USA Tel +1 (717)632-1291 Toll-Free: (866)632-1291 info@aquaphoenixsci.com

### · Emergency telephone number:

ChemTel

1-800-255-3924 (North America) +1 (813)248-0585 (International)

# 2 Hazard(s) identification

### · Classification of the substance or mixture

The product is not classified as hazardous according to the Globally Harmonized System (GHS).

### <sup>.</sup> Label elements

· GHS label elements Not regulated.

- · Hazard pictograms: None.
- · Signal word: None.

· Hazard statements: None.

· Precautionary statements: None.

• Other hazards There are no other hazards not otherwise classified that have been identified.

# **3** Composition/information on ingredients

### · Chemical characterization: Mixtures

| · Components:  |   |            |
|----------------|---|------------|
| 7647-14-5      | Sodium chloride   | 1.0%       |
| 7783-20-2      | Ammonium sulfate  | 1.0%       |
| 10361-65-6     | Ammonium phosphate, tribasic                                  | 1.0%       |
| 50-99-7        | Glucose<br>Combustible Dust                                   | 1.0%       |
| 583-52-8       | Potassium oxalate<br>� Acute Tox. 4, H302; Acute Tox. 4, H312 | 0.5%       |
| 7732-18-5      | Water   | 95.5%      |
| · Additional i |   | on page 2) |

according to OSHA HCS (29CFR 1910.1200) and WHMIS 2015 Regulations

Revision: January 06, 2021

### Trade name: Urine Sample, High Glucose

(Cont'd. of page 1)

For the listed ingredient(s), the identity and/or exact percentage(s) are being withheld as a trade secret. For the wording of the listed Hazard Statements, refer to section 16.

### 4 First-aid measures

### • Description of first aid measures

· After inhalation: Supply fresh air; consult doctor in case of complaints.

#### • After skin contact:

Immediately wash with water and soap and rinse thoroughly.

If skin irritation is experienced, consult a doctor.

#### • After eye contact:

Remove contact lenses if worn.

Rinse opened eye for 15 minutes under running water. If symptoms persist, consult a doctor.

### • After swallowing:

Rinse out mouth and then drink plenty of water.

Do not induce vomiting; immediately call for medical help.

- Most important symptoms and effects, both acute and delayed:
- Gastric or intestinal disorders when ingested.
- · Danger: No relevant information available.
- · Indication of any immediate medical attention and special treatment needed:
- If medical advice is needed, have product container or label at hand.

### 5 Fire-fighting measures

#### Extinguishing media

• Suitable extinguishing agents: Use fire fighting measures that suit the environment.

- For safety reasons unsuitable extinguishing agents: No relevant information available.
- Special hazards arising from the substance or mixture

Formation of toxic gases is possible during heating or in case of fire.

- · Advice for firefighters
- Protective equipment:

Wear self-contained respiratory protective device.

Wear fully protective suit.

### 6 Accidental release measures

### · Personal precautions, protective equipment and emergency procedures

Ensure adequate ventilation.

For large spills, wear protective clothing.

## Environmental precautions

Do not allow undiluted product or large quantities of it to reach ground water, water course or sewage system.

#### Methods and material for containment and cleaning up

Wipe up small spills with paper towel and discard.

For larger spills, add sawdust, chalk or other inert binding material, then sweep up and discard. Dispose of the collected material according to regulations.

### **Reference to other sections**

(Cont'd. on page 3)

according to OSHA HCS (29CFR 1910.1200) and WHMIS 2015 Regulations

Revision: January 06, 2021

### Trade name: Urine Sample, High Glucose

(Cont'd. of page 2)

See Section 7 for information on safe handling. See Section 8 for information on personal protection equipment. See Section 13 for disposal information.

# 7 Handling and storage

### · Handling

· Precautions for safe handling: No special measures required.

· Information about protection against explosions and fires: No special measures required.

- · Conditions for safe storage, including any incompatibilities
- Requirements to be met by storerooms and receptacles: Avoid storage near extreme heat.
- Information about storage in one common storage facility:
- Store away from foodstuffs.

Store away from oxidizers, strong acids, strong bases.

- · Further information about storage conditions: Keep containers tightly sealed.
- Specific end use(s) No relevant information available.

# 8 Exposure controls/personal protection

### Control parameters

Components with limit values that require monitoring at the workplace:

The product does not contain any relevant quantities of materials with critical values that have to be monitored at the workplace.

### • Exposure controls

### · General protective and hygienic measures:

The usual precautionary measures for handling chemicals should be followed.

Keep away from foodstuffs, beverages and feed.

#### • Engineering controls:

No relevant information available.

Provide adequate ventilation.

- · Breathing equipment: Not required under normal conditions of use.
- Protection of hands:

Protective gloves

## Material of gloves

Nitrile rubber, NBR Butyl rubber, BR Neoprene gloves Natural rubber, NR Sensibilization by the components in the glove materials is possible.

### Eye protection:

Safety glasses

(Cont'd. on page 4)

according to OSHA HCS (29CFR 1910.1200) and WHMIS 2015 Regulations

Revision: January 06, 2021

Trade name: Urine Sample, High Glucose

(Cont'd. of page 3)

Follow relevant national guidelines concerning the use of protective eyewear.

· Body protection: Light weight protective clothing

· Limitation and supervision of exposure into the environment No special requirements.

· Risk management measures No special requirements.

- · Aquatic toxicity No relevant information available.
- Persistence and degradability No relevant information available.
- · Bioaccumulative potential: No relevant information available.
- · Mobility in soil: No relevant information available.
- Additional ecological information
- · General notes:

Do not allow undiluted product or large quantities of it to reach ground water, water course or sewage system.

Other adverse effects No relevant information available.

## 13 Disposal considerations

### · Waste treatment methods

· Recommendation:

Smaller quantities can be disposed of with household waste.

The user of this material has the responsibility to dispose of unused material, residues and containers in compliance with all relevant local, state and federal laws and regulations regarding treatment, storage and disposal for hazardous and nonhazardous wastes.

### <sup>·</sup> Uncleaned packagings

• **Recommendation:** Disposal must be made according to official regulations.

| UN-Number   |                 |
|---|-----------------|
| DOT, ADR/RID/ADN, IMDG, IATA                            | Not regulated.  |
| UN proper shipping name<br>DOT, ADR/RID/ADN, IMDG, IATA | Not regulated.  |
