according to OSHA HCS (29CFR 1910.1200) and WHMIS 2015 Regulations

Revision: January 28, 2021

# Trade name: Vermiculite

(Cont'd. of page 1)

· Other hazards There are no other hazards not otherwise classified that have been identified.

# 3 Composition/information on ingredients

# <sup>•</sup> Chemical characterization: Substances

· CAS No. Description

1318-00-9 Vermiculite

# 4 First-aid measures

# <sup>•</sup> Description of first aid measures

#### • General information:

Symptoms of poisoning may even occur after several hours; therefore medical observation for at least 48 hours after the accident.

· After inhalation:

# Supply fresh air.

Provide oxygen treatment if affected person has difficulty breathing.

If experiencing respiratory symptoms: Call a doctor.

#### • After skin contact:

Wash with soap and water.

If skin irritation is experienced, consult a doctor.

#### • After eye contact:

Remove contact lenses if worn.

Rinse opened eye for 15 minutes under running water. If symptoms persist, consult a doctor.

• After swallowing: Do not induce vomiting; immediately call for medical help.

# Most important symptoms and effects, both acute and delayed:

Coughing

Gastric or intestinal disorders when ingested.

Mechanical irritation to eyes.

Danger:

May cause damage to the lung through prolonged or repeated exposure. Route of exposure: Inhalation.

Indication of any immediate medical attention and special treatment needed:

If medical advice is needed, have product container or label at hand.

# **5** Fire-fighting measures

# Extinguishing media

• Suitable extinguishing agents: Use fire fighting measures that suit the environment.

• For safety reasons unsuitable extinguishing agents: No relevant information available.

· Special hazards arising from the substance or mixture No relevant information available.

# Advice for firefighters

# · Protective equipment:

Wear self-contained respiratory protective device.

Wear fully protective suit.

(Cont'd. on page 3)

according to OSHA HCS (29CFR 1910.1200) and WHMIS 2015 Regulations

Revision: January 28, 2021

# Trade name: Vermiculite

(Cont'd. of page 2)

# 6 Accidental release measures

# <sup>•</sup> Personal precautions, protective equipment and emergency procedures

Wear protective equipment. Keep unprotected persons away.

Ensure adequate ventilation.

For large spills, use respiratory protective device against the effects of fumes/dust/aerosol.

• Environmental precautions No special measures required.

# Methods and material for containment and cleaning up

Vacuum or sweep and collect in a suitable container. For a large spill, collect uncontaminated product for possible re-use. Avoid creating dusty conditions.

Send for recovery or disposal in suitable receptacles.

**Reference to other sections** 

See Section 7 for information on safe handling.

See Section 8 for information on personal protection equipment.

See Section 13 for disposal information.

# 7 Handling and storage

# <sup>·</sup> Handling

· Precautions for safe handling: Use only in well ventilated areas.

Information about protection against explosions and fires: No special measures required.

· Conditions for safe storage, including any incompatibilities

• Requirements to be met by storerooms and receptacles: Store in a dry place.

Information about storage in one common storage facility:

Store away from foodstuffs.

Do not store together with acids.

Do not store together with alkalis (caustic solutions).

• Further information about storage conditions: Keep containers tightly sealed.

• Specific end use(s) No relevant information available.

# 8 Exposure controls/personal protection

# · Control parameters

· Components with limit values that require monitoring at the workplace:

The product does not contain any relevant quantities of materials with critical values that have to be monitored at the workplace.

# • Exposure controls

· General protective and hygienic measures:

The usual precautionary measures for handling chemicals should be followed.

Keep away from foodstuffs, beverages and feed.

Wash hands before breaks and at the end of work.

• Engineering controls: Provide adequate ventilation.

· Breathing equipment: Not required under normal conditions of use.

• Protection of hands: When needed, wear gloves for protection against mechanical hazards.

#### · Material of gloves

A recommendation for a suitable glove material is not available. Testing will be required to determine the

(Cont'd. on page 4)

according to OSHA HCS (29CFR 1910.1200) and WHMIS 2015 Regulations

Revision: January 28, 2021

# Trade name: Vermiculite

(Cont'd. of page 3)

suitability of any potential glove materials.

• Eye protection:

Safety glasses

Follow relevant national guidelines concerning the use of protective eyewear.

· Body protection: Protective work clothing

• Limitation and supervision of exposure into the environment No relevant information available.

· Risk management measures No relevant information available.

# 9 Physical and chemical properties

· Information on basic physical and	t chemical properties	
· Appearance:		
Form:	Powder or granules.	
Color:	Tan	
· Odor:	Odorless	
· Odor threshold:	Not determined.	
· pH-value:	Not determined.	
· Melting point/Melting range:	Not determined.	
· Boiling point/Boiling range:	Not determined.	
· Flash point:	Not applicable.	
· Flammability (solid, gaseous):	Not applicable.	
· Auto-ignition temperature:	Not determined.	
· Decomposition temperature:	Not determined.	
· Danger of explosion:	Product does not present an explosion hazard.	
· Explosion limits		
Lower:	Not determined.	
Upper:	Not determined.	
· Oxidizing properties:	Non-oxidizing.	
· Vapor pressure:	Not determined.	
· Density:		
Relative density:	Not determined.	
Vapor density:	Not determined.	
Evaporation rate:	Not determined.	
· Solubility in / Miscibility with		
Water:	Not miscible or difficult to mix.	
· Partition coefficient (n-octanol/water)	: Not determined.	
· Viscosity		
Dynamic:	Not determined.	
	(Cont'd. ol	n page

according to OSHA HCS (29CFR 1910.1200) and WHMIS 2015 Regulations

Revision: January 28, 2021

Trade name: Vermiculite

(Cont'd. of page 4)

Kinematic: Other information Not determined. No relevant information available.

# 10 Stability and reactivity

• Reactivity: No relevant information available.

- Chemical stability: Stable under normal temperatures and pressures.
- Thermal decomposition / conditions to be avoided:
- No decomposition if used and stored according to specifications.
- Possibility of hazardous reactions

Reacts with strong acids and alkali.

- Toxic fumes may be released if heated above the decomposition point.
- · Conditions to avoid No relevant information available.
- <sup>·</sup> Incompatible materials

Alkalis

Acids.

# Hazardous decomposition products

Under fire conditions only: Silicon oxides.

Metal oxide smoke.

# **11** Toxicological information

# <sup>·</sup> Information on toxicological effects

• Acute toxicity: Based on available data, the classification criteria are not met.

- LD/LC50 values that are relevant for classification: None.
- · Primary irritant effect:
- On the skin: Based on available data, the classification criteria are not met.
- · On the eye:

Based on available data, the classification criteria are not met.

Mechanical irritation only.

• Sensitization: Based on available data, the classification criteria are not met.

· IARC (International Agency for Research on Cancer):

Substance is not listed.

# • NTP (National Toxicology Program):

Substance is not listed.

# · OSHA-Ca (Occupational Safety & Health Administration):

Substance is not listed.

# · Probable route(s) of exposure:

Ingestion.

Inhalation.

Eye contact. Skin contact.

Skill contact.

· Acute effects (acute toxicity, irritation and corrosivity): Mechanical irritation to eyes.

• Repeated dose toxicity: Possible risk of irreversible effects.

(Cont'd. on page 6)

according to OSHA HCS (29CFR 1910.1200) and WHMIS 2015 Regulations

Revision: January 28, 2021

# Trade name: Vermiculite

(Cont'd. of page 5)

· Germ cell mutagenicity: Based on available data, the classification criteria are not met.

· Carcinogenicity: Based on available data, the classification criteria are not met.

• **Reproductive toxicity:** Based on available data, the classification criteria are not met.

 $\cdot$  STOT-single exposure: Based on available data, the classification criteria are not met.

# · STOT-repeated exposure:

May cause damage to the lung through prolonged or repeated exposure. Route of exposure: Inhalation.

• Aspiration hazard: Based on available data, the classification criteria are not met.

# **12 Ecological information**

# <sup>·</sup> Toxicity

· Aquatic toxicity No relevant information available.

- · Persistence and degradability No relevant information available.
- · Bioaccumulative potential: No relevant information available.
- Mobility in soil: No relevant information available.
- <sup>•</sup> Additional ecological information

· General notes:

Negative ecological effects are, according to the current state of knowledge, not expected.

• Other adverse effects No relevant information available.

# 13 Disposal considerations

# <sup>•</sup> Waste treatment methods

# · Recommendation:

The user of this material has the responsibility to dispose of unused material, residues and containers in compliance with all relevant local, state and federal laws and regulations regarding treatment, storage and disposal for hazardous and nonhazardous wastes.

# <sup>·</sup> Uncleaned packagings

• Recommendation: Disposal must be made according to official regulations.
